OUR TICKET.

We place at the head of our columns the name of Harlo Hakes, as the Republican candidate for member of Congress from this, the 29th district. Mr. Hakes is well known throughout this section of the state, and is a man who stands high in every respect with the masses. He has ever been known as a friend of the laboring man, not by words only, but in action. He is a man of ability and integrity. We hope now, although we have had a hot contest, and many hard things have been said, that all Republicans in this district will feel it their duty, to at once take off their coats and go to work for, not only Mr. Hakes, but the whole Republican ticket. We have a good ticket in this county. It could not be asked to be any better, they are all good men, so let us unite and go to work, and give a full and fashion majority. We can if we will, and with such leaders as Dix and Robinson, and the history of the State the past two years, should be sufficient to engender into every man that amount of patriotism that will not allow him to remain indifferent as to the result. It is not possible in our opinion, that the people, after having enjoyed two as prosperous years, should restore the party to power which so recently dishonored and robbed them.

MASSACHUSETTS CONVENTION.

Gov. Talbot was nominated at the Massachusetts Republican State Convention, on Wednesday. The vote stood, Talbot, 755; Loring, 736; Butler, 160; Downes, 61; Sanford, 20; E. R. Hoar and Downes one each. Horatio G. Knight was nominated for Lieutenant Governor; Oliver Warner, Secretary of State; C. R. Train, Attorney General; Charles Endicott, Auditor; and Charles Adams, Jr., Treasurer.

The platform re-affirms the past principles of the party, and pledges itself to sustain them in future; calls for a gold basis and frowns down inflation; condemns the White League performances; calls for the amples protection to citizens in their individual rights and privileges; and affirms exact equality of all citizens before the law; expresses its gratitude President Grant for his prompt action in the Louisiana usurpation, and for his determined opposition towards all movements or combinations seeking to destroy the rights of any portion of the American people; demands an honest administration from all public officers that the burden of taxation may be lighter ed; that the record of the Republican party in Massachusetts, is a guarantee that it is in hearty sympathy with that legislation which will promote the best interests of labor and those engaged in industrial pursuits; that it (the Republican party) is the party of reform and progress, and is prompt to correct abuses in its official servants; and commends the candidates to the suffrages of the voters.

After the usual resolutions of thanks and compliments, the Convention adjourned.

NOMINATIONS.

The Republicans of Erie County at their Convention on Wednesday of last week, nominated Hon. Lyman K. Bass for Congress by acclamation.

Hon. F. A. Alberger was nominated as State Senator, to fill the unexpired term of the late Hon. John Ganson.

The Democrats have nominated A. F. Allen, of Jamestown, for member of Congress.

Hon. Walter L. Sessions and Col. A. F. Allen are the Republican and Democratic candidates for Congress from the Fenton District.

Gov. Alvord's unconditional abandonment of Liberalism and his return to the Republican fold is notonly gratifying in itself but significant of the purpose of the mass of those who were temporarily diverted from the Republican party.

The renomination of Hon. William L. Bostwick of Tompkins, for the Assembly, is a matter for general congratulation throughout the State. Mr. Bostwick was one of the strong, marks representative men of the last House.

Last week Thursday the underwriter connected with the National Board withdrew from Chicago. The amount of capital represented by the companies doing business there is claimed to be $140,000,000. Time is a heavy blow upon that city. But this it will remain until the city will do what is right and just, in the defence of fire.

The liquor dealers convention at Albany last week, meant nothing less than the endorsement of the Democratic ticket. They made a great splurg over their grievances and the manner in which their right had been taken from them. They also want the local prohibition law which was passed last winter repealed, and then let them go to work and sell whisky to whom they please. They also found fault with the manner in which they are treated in court, worse than the average criminals. They had no human rights to protection, as any one pleases, and they would not pay anything until they received value for everything that they purchased. The Democratic party [illegible] the life thing with [illegible] Democratic [illegible]

Andy Johnson has become an out and out Democrat, and stumping Tennessee for the United States Senatorship, taking other Democratic principles which he is handing around with the Constitution is one in favor of repudiation. He treats the subject bluntly, saying that "the bondholders had already received in interest more than they paid for their bonds," and advocated "the repudiation of the entire bonded debt of the State and the nation." That's the Democratic way of paying off State and national debt.—Rochester Express.

The Democratic press are heavy this year on misstatements. There never were charges made against any man or men that fell so far from the truth as their charges against Dix. Here is one case which shows how consistent: Last year they raised a cry against the Republican party for crowding so much public work, that it was done only for political power, and squandering the public funds. Now they find fault as follows: "Stopping the public works when tens of thousands of mechanics and laborers are out of employment so that the money can be kept in the banks."

Another Liberal organ, the Ontario County Journal, has turned about and will support the candidates of the entire Republican ticket this fall. That it is earnest in this act, it says: "We place at the head of our columns today the Republican ticket, and propose to give to it, and to all the candidates of the Republican party, our earnest and hearty support. The Liberal State Convention at Albany, on Tuesday, virtually disbanded its organization—at least so far as the present canvass is concerned—leaving its members free to choose, each for himself, the candidates he will support in this campaign. A very large majority of the members of the Liberal party came from the Republican ranks—and as we can see no material difference in the cardinal principles of the two parties, we believe a large proportion will return to it, in deciding between the Republican and Democratic organizations."

It will be remembered that two years ago this organ and several others of the Liberal kind were strong against us, yet Dix was elected by upwards of 50,000 majority.

REPUBLICAN CONGRESSIONAL CONVENTION.

At half-past two Tuesday afternoon, the Congressional Convention for the district was called to order by McDonalds, one of the Committee, and nominated Dr. H. H. Nye of Allegany, as Chairman, which was carried. On motion Dr. Z. Dildine of Allegany, and John G. Lowman of Chemung, were chosen Secretaries.

Upon the calling of the roll of delegates it was found that from both districts of Steuben there were contesting delegates.

The following uncontested delegates appeared from Allegany and Chemung:

Allegany—A. Congdon, Rufus Scott, J. T. Wright, J. Couch, H. H. Nye, Z. Dildine.

Chemung—J. D. F. Slee, D. F. Pickering, John G. Lowman, D. B. Smith.

Mr. Scott moved that a Committee of three be appointed by the Chair upon contested delegates.

Mr. Pickering moved an amendment by taking up the case of the first district of Steuben in Committee of the whole. Hove followed a sharp discussion by Pickering, Scott and Slee, when a vote was reached up the amendment, resulting in 4 for and 6 against. The original motion as offered by Scott was then adopted by 6 to 4.

The Chair appointed Rufus Scott, Anson Congdon and J. D. F. Slee as Committee upon contested seats.

A recess was then taken to await the result of the Committee. The session of the Committee lasted until 2 o'clock Wednesday afternoon. When the Convention reassembled Mr. Scott presented the majority report of the Committee and Mr. Slee the minority.

We are unable for the want of space to give the reports of both majority and minority in full, but as the matter of the 2d district of Steuben has been discussed by almost everbody so thoroughly, it may be of no particular interest to our readers. The majority report by strong argument as well as testimony given before the Committee, indorsed the action of the regular Convention, which elected Hakes' delegates. The minority report claimed that both Conventions were out of order, and asked the Convention to adjourn and let the district again proceed to elect delegates to the Congressional Convention. The vote upon the report of the Committee as to the 2d district, was 6 in favor of the majority report, and 4 in favor of the minority.

Upon the 1st district the report of the Committee was unanimous, although their was no doubt but fairly the Convention was a tie. The Committee admitted the Hull delegation, which was agreed to.

Delegates from Steuben then took seats in the Convention as follows:

First District—Wm. R. Boyd, G. W. Nichols, George W. Morehouse, L. D. Hodgman.

Second District—A. S. McKay, Allen Drake, L. A. Waldo, O. B. Stratton, E. D. Peckham.

On motion of Gen. Scott the temporary organization of the Convention was then declared the permanent organization.

Mr. Scott then moved that the Convention proceed to the nomination of a candidate for Representative in Congress.

Mr. Pickering moved that it be informal and by ballot.

Mr. Scott moved to amend so that the roll of delegates be called by counties in alphabetical order, and each delegate as his name is called rise in his place and name the candidate of his choice.

After discussion, the Chairman put the question on the amendment of Mr. Scott, and it was carried by a vote of ten to eight.

The roll was then called on the question of a nomination, and the result was as follows:

Harlo Hakes, of Steuben, received the votes of eleven delegates.

Patrick H. Flood, of Chemung, received the votes of four delegates.

Henry H. Hall, of Steuben, received the votes of four delegates.

On motion of Mr. Slee the nomination of Harlo Hakes was declared unanimous.

Mr. Scott moved that a committee of three be appointed by the Chair upon Mr. Hakes and inform him of his nomination, which was adopted, and the chair appointed as such committee Messrs. Scott and Slee.

The following gentlemen were named by the several delegations as the Congressional Committee for the two ensuing years:

Allegany—Sumner Baldwin, of Wellsville.

Chemung—J. D. F. Slee, of Elmira.

Steuben—L. A. Waldo, of Canisteo.

Mr. Scott, from the Committee appointed to wait on Mr. Hakes and inform him of his nomination, announced that that gentleman was present.

On coming forward Mr. Hakes was received with hearty applause, and briefly addressed the Convention, thanking it for the honor conferred, and accepting the nomination.

With three cheers for Mr. Hakes and the whole Republican ticket the Convention then adjourned. Further remarks, which we shall take occasion to make, are deferred to another time.

HEAR IT IN.

Two Temperance tickets in the field, which is which.

Early to bed and early to rise will all be in vain if you don't advertise.

Simmons has gone back on Butler, who will bet that Butler won't make per-Simmons of him and devour him.

A. N. Cole beat Coolbrith at the Liberal convention. He completely upset this little game to endorse the Democratic Ticket.

The editor of the Reporter, has struck one of his natural gates, that of bolting. He bolted into one of the most rotten association, ever known, the Reporter association.

In Japan the law requires that when a person cuts down a tree, he shall plant one in its place. In this way the supply of wood is kept up. George Washington owes this country a tree.

A County Treasurer in Alabama can't read or write, but he put 87,000 where no one but himself can find it. This shows that a collegiate education isn't essential to the acquirement of wealth.

Liberal Republicans who would behold the lineaments of William Von Borselmer, the Democratic candidate for Lieutenant Governor, should invest five cents in the New York Graphic.—It is a good likeness of an unfortunate young man.

The jury in the Phelps case failed to agree. Eleven of the jurymen were in favor of finding him guilty according to evidence, but one stood out upon his convictions. It is not stated whether his convictions was formed upon greenbacks or through friendship.

Isn't it strange how people will get themselves mixed up once in a while. The Reporter association, have had their way so long that they have made up their minds that they were a little God Almighty, and that none but them had any right in this world. What a mistake.

Do you suppose for one minute that the Reporter or the mighty, "I am" of the Reporter would be crying fraud and asking that a new man be taken up for candidate for Congress, if their pet, who they worked so faithfully for in this county, had received the delegation. Not much, you bet.

Some man in Boston publishes a paper called the Kingdom of Heaven, for seventy-five cents a year. Of course it is a bogus affair. We have got the minister at last, they have always preached, that the Kingdom of Heaven can be had without money and without a price.

Here is a good one, the Springfield Register asks: "How happens it that the Courier Journal has suffered the Rochester Chronicle, who is forever abusing it, to live so long?" The C. J. responds: "To tell you the truth, were it not for the reflection that money expended upon a funeral in the Dumpbad family is worse than wasted, we should have kicked him to death long ago."

—If the Druggist Offers any kind of herb-flavored alcohol for dyspepsia, biliousness, or any other ailment, tell him you want medicine, not a barroom drink. Ask him for Dr. Walker's California Bitters, the best regulating purifying, and tonic which you know is free from "Satan's Elixir." Reject all the fiery "Tonics" and "Appetizers," and wing to that remedy.—There is no medicine that compares with it. 4w300.

—Anakesis is, without doubt, the most infallible, easy and scientific cure for Piles ever discovered. 50,000 grateful patients attests its virtues, and physicians of all schools endorse it unequivocally. Lotions, ointments, and electuaries are only a waste of time and money. Anakesis relieves pain at once and cures absolutey. It is the discovery of Dr. Sibbon, a scientific physician, and has been pronounced the greatest contribution to medicine of the age.—Price $1. Sold by Druggists everywhere. Depot, 46 Walker street, New York. 4w300
