All our boys are on the war path since the last Indian exhibition.

The festival at the M. E. Church last evening netted the society $36. Good.

Cole & Frisbey have a new stock of goods opened and are ready for business. Their selections are the best and their prices as low as the lowest.

And now it is asserted that the sadvertising potato bug has taken up his quarters in the cellar, and is playing havoc with the "murphys" therein.

The largest stock of stoves in Allegany county can be seen at Porter & Barney's and the greatest variety of styles. Now is the time to make your selections.

The new issue of dollar greenbacks is out, but for reasons well known to many of our subscribers, we are unable to give a correct description of the article.

The sidewalk near the new bridge at the railroad crossing has been repaired. We should be pleased to notice like improvement in other portions of the town.

Doctor Henry H. Purdy, a celebrated Physician and Surgeon, residing at Elmira, passed through this town today on No. 3, on his way west to attend to an important surgical operation.

We are late again this week owing to the fact that one of our men are sick, and another not quite sick, but at the house where he lives there is a little typo, weight, 9 1-2.

The apple market as yet is not very lively. Some fine lots have been purchased at $2 per barrel, but as a general thing buyers are afraid to handle them at that figure, for as yet there is no market that will guarantee such a price.

The Red Stocking Base Ball Club of Canisteo has challenged their former Club of Friendship to a game for $50, to be played either to-day or to-morrow. The R. S.'s state it as their apology that in a game impartially umpired they are superior to the Scouses, or sooner than the Scouses themselves.—Hornellsville Advertiser.

The New Yorker says that the first male born in Warsaw was Henry Rowe, who still resides in that village. He is a hale, healthy man, not old in appearance, and is likely to live many years—possibly to be an old man like some who live in that village, and who have seen more than "three score and ten" years and ten. Young people should remember this fact, and not waste their time in fretting about "shoal heads and low Washington."

burglary he placed Burgess in a third story room of the Atlantic Hotel at Salamanca, instead of taking him to the jail at Little Valley, removed his handcuffs and also took his clothing from the room, but left hanging against the wall an old pair of pants and a cap. Burgess was then left to his dreams, but he did not dream "worth a cent." Chamberworth took a room on the opposite side of the hall, and evidently slept soundly. In the morning on entering the room given to Burgess, the window had been raised, a sheet attached to the bed post was hanging from the window and the "bird had flown." The sheet enabled him to reach the ground by jumping ten or twelve feet. Barefoot and without coat or vest, he bade officer Charlesworth and Salamanca good bye.

Since that time till last Saturday, his whereabouts was unknown, when special Agent McDanolds became satisfied as to his birding place and immediately left for Salamanca to procure papers on which to re-arrest him. Monday evening McDanolds started for Philadelphia, and yesterday morning passed through here on his way to Little Valley with Burgess in charge, and delivered him to Sheriff W. W. Henry at Little Valley.

The Special Agent found Burgess enlisted in the Navy at Philadelphia and aboard the receiving ship "potomac," under the name of Mark Sutherland. With the assistance of Postmaster Fairman of Philadelphia and Special Agent Pedrick, he soon procured the discharge of Burgess, and at seven last evening started north with his prisoner. He had been drafted with one hundred and fifty-nine others and would have sailed to-day for San Francisco.

The bespangled glories of autumn are here. The forests, arrayed in gold and purple, are being stripped of their sheen of ripeness and beauty, reminding us of the evanescence of all things earthly.

The flurry and frost were not severe, so the ungathered fruit escaped unharmed.

The recent rains have started a fresh supply of water in the streams, though quite meagre as yet.

Mrs. Goodrich, widow of the late Hon. Joseph Goodrich, has been spending several weeks in town. Her husband was a director of the Milwaukee and St. Paul Railroad in its early days, and was a man of wide extended influence. Her son, Rev. Lester C. His son Frank, now at Amherst College, Mass., has been ill several weeks with fever, and Mrs. Green, his mother, has gone to nurse and care for him.

Report says that a bright, intelligent young lady of our village has left, recently, for some place in Pennsylvania, where she is to become a member of a wealthy family without heirs, and ultimately inherit the fortune. We wish that all our young ladies with limited means might be equally successful, in which case we could only hope that all would bring their net gains home with them.

The "Reading Room Association Sociable" occured at the Chapel on Wednesday evening, October 7th. The exercises consisted of vocal and instrumental music, essays, orations, recitations, correspondence, etc. The occasion was highly enjoyed by those present. Miss Jennie T. Green delivered a recitation, subject, "Pulpit Eloquence," very finely. Miss G. possesses good qualifications as a speaker and appears well on the stage. "The Curfow shall not ring to-night," by Miss Eva Allen was splendidly done. Miss A. is win ning fresh laurels as an elocutionist.

A. Burdick read a paper on "Types." F. E. Mungor read a selection from "Around the Tea-table." John M. Mosher presented a paper on the "History of the Sabbath Recorder and American Sabbath Tract Society (pronounced a good thing,) and Mr. Ira Place recited "The Battle of Lookout mountain" with great success.—J. From Steuben County.

We the undersigned farmers of Greenwood beg leave to state that on the 6th of August, 1874, we attended a trial of the mowing machine, so called the Eureka, manufactured in Towanda Bradford County, Pa. The trial was on a steep side hill of 7 acres, rough and stony and the farm of Mrs. Manning & Son, Greenwood. The ground was quarter pitch, the machine done its work splendidly adapted itself to the unevenness of the ground, left the grass in good condition for curing, easy on team, and durability of machine. We thought it impossible, for any machine to mow on the ground. It is a direct draft machine which principle admits the cutting of a five foot swath with less labor for team than is required to cut a four foot swath on the old side draft principle. The Eureka machine being reversible is peculiarly adapted to cutting on side hills and to lodged grass, therefore we earnestly recommend it to all Farmers for the year 1876, for further proof call on the Agent, Levi Pease, Greenwood, Steuben County, N. Y., or at the works in Towanda, Bradford county, Pa.

Items of Interest.

If you would avoid bowels of Bitters, call on Dr. W. K. Catlin, for sale at your Drug Store.

"Mary had a little lamb."

Mary had a little lamb,
Its fleece was white as snow,
And when its wool for sale was brought
That wool was all the go.

The yarn it was so very fine,
The cloth from it was neat,
When cut, and sponged, and sewed, and pressed,
It made a suit complete.

Said a fellow roving by one day,
Where is hung out for sale;
"It'll just suit me to buy that suit
Its nobby, I'll go bail."

He bought that suit ('twas at L. D. Cobb's,)
And went ambling down the street
With step so high and heart so light,
When sweet Mary he did meet.

I know not why, but she really felt
An affection for those clothes;
The time was short when she agreed
To share his joys and woes.

Then come ye lovers, one and all
To our story, pray give heed
Just buy your clothes at L. D. Cobb's,
And your wooing it will speed.
