CALL AND SEE ME

A Suurise on Mount Washington. N.Y. L. & W. RAILROAD. As we sat around the glowing coal fire in the office of the Summit house the principal topic of the evening was getting up to see the sun rise. Some intended to stay awake all night to make sure of it; Thers would doze in a chair; still others would depend on their friends to arouse them. But the proprietor lifted a load No. 1—Through Express. . 8.20 p. in. ball would be saying that at 3:30 a asked an incredulous lady. Why, the sun doesn't rise until 4:45?" But we're

living on a higher plane now," said another, "and there is more sunshine." The bellringer kept his word, and at the increase. the appointed time there was much scrambling and hasty preparation, and soon quite a respectable company, wrapped | the belt instead of into the skirt as in shawls and overcoats, were pacing the formerly. platform as on a winter morning. A faint red on the horizon told us where to direct. our gaze. Bars of thin clouds began to take on more pronounced colors; heralds dressy materials. of the coming light streamed toward the zenith; a thin, low mist, which had shaped its way through the winding valley, became golden. We all stood silent form square pockets on polonaises.
