THE WHITE HOUSE. Mrs. Grant and Mrs. Hayes-The Last

EAST—No. 6—Way Express....II.I4 a. m. ard he must go to Mrs. Hayes for No. 14—Atlantic Express. . 6.58 p. m. orders after that.

No. 96—Way Freight.... 1.46 p. m. Mr. Hayes, that you will be as happy cies were of rare occurrences the hall to say farewell, and they were crying and I cried with them. After two weeks of hourly festivities, might say, we left Washington on a special train. My car was filled with flowers, and after we had been escorted to it a senator made a speech thanking me for so successfully filling the position of mistress of the White House. Then another senator, a dear friend of should leave it, and somehow I began to think it was. They went out and left me and I began to cry. All my pent up feelings burst forth at one bound and, as I tell you, my tears would have floated the ship of state if easily forty miles, and then the general came in and said:

"'Why, Julia, my dear, what is wrong? "'I feel like a waif, Ulysses,' I sob-

bed, 'I have no home.' . "Never mind, we will soon have tional advertisements or another one. Remember what a relief it is to me to be released from that ing do." In general, its scale is much Guns & Cartridges position. Now we can de what I always wished to do-visit Europe and than of the world moving monsters of maybe travel around the world before we return.

- And so he cheered me, and I never felt a regret afterwards. It washed it ting along with a bundle of neatly done promptly, and satisfaction guaranteed; self away in those first tears." "And he had his wish?" I said.
