wastes or gives away during the year more or
less kitchen grease, each pound of which can
in a few minutes be converted into two pounds
of the **PUREST SOAP**, far better
than can be found on sale. The only expense
for making ten pounds of this soap, with five
and one-half pounds of grease or oil, is the
trifling cost of one can of **BANNER LYE**,
to be found at nearly every
grocery store.

Dissolve the contents of one can of Banner
Lye in three and one-half pints of cold water,
and pour slowly into five and one-half pounds
of lukewarm grease, stirring from the start,
until it thickens into a mushy condition; then
pour into any kind of mould to harden—a
child can make it, and full directions are to be
found back of each label.

A can of Banner Lye will do the work of
twenty-one pounds of washing soda, and be-
sides its value for scrubbing purposes, the
cleansing and disinfecting of Sinks, Closets
and Waste Pipes, destroying the Filth and
Disease arising therefrom, makes its system-
atic use one of the greatest boons the house-

ADDRESS TO THE FARMERS

By the Farmers' League of Allegany
County.

Proceedings of the Meeting Held in
Belmont Last Friday.

The Allegany County Farmers'
League met at the court house in
Belmont last Friday afternoon. The
attendance was good considering the
fact that the day was rainy and dis-
agreeable and nothing but the most
urgent business would call people
from their homes. It was a notice-
able fact that many towns were rep-
resented, a few coming from each place,
so that the meeting was a decided
success in the point of representation
from the different town Leagues.

The meeting was called to order
by Chas. Guilford of Cuba, President
of the County League.

After a few preliminary matters of
business had been disposed of, it was
announced that this League was en-
titled to representation on the State
Executive Board, by virtue of its be-
ing one of the first-organized Leagues
in the state. F. M. Babcock of Bel-
mont, was unanimously elected to the
position.

It was moved and carried that a
committee of three be appointed to
prepare an address to the farmers of
this county, setting forth the benefits
to be derived by joining the League
and urging farmers in each town to
organize. Messrs. F. E. Ham-
mond, A. L. Litchard, and J. E.
Middaugh were appointed as such
committee and they withdrew to pre-
pare the address.

It was moved and carried that two
state delegates be elected by ballot.
A. W. Litchard and J. H. Ruther-
ford were elected, and Granville Lin-
coln and J. N. Tabor were named as
alternates.

It was moved and carried that a
committee be appointed whose duty
it should be to perfect organization
in towns not already organized, and
also to urge upon Leagues already
organized the importance of work in
their respective localities. C. Guil-
ford, F. E. Hammond, R. E. Mid-
daugh, Geo. Morton, A. B. Cottrell,
Herman Rice, and A. W. Litchard
were named as such committee.

Hon. A. B. Cottrell was called upon
for a few remarks, and responded by
saying he was glad the farmers were
awakening to a realization of the
work necessary to be done in order
to relieve themselves of their burdens.
As a rule farmers have paid no at-
tention to politics or legislation. He
noticed this when he was in the
legislature. Almost every conceiv-
able class of people were represented
at Albany in the interest of certain
legislation which they wished enacted.

But the farmer, whose needs were as
great as any class, was conspicuous
only for his absence. Farmers have
neglected these matters and as a con-
sequence the Legislature has neglect-
ed the farmer. There is hope of bet-
ter things now, and if the League
does no more than bring the farmers
out to the caucuses it will have ac-
complished a great work. I think
there are better things in store for
farmers.

A. W. Litchard was next called on,
and he said the indifference of farm-
ers was surprising. We have the
thing in our own hands if we will only
take advantage of our opportunities.
There is nothing reasonable we can
ask for that we will not receive, pro-
vided we work for it and show that
we mean business. The farmers of
Allegany county united, would be a
power that no political party could
withstand. Farmers everywhere
should join the League without wait-
ing to see "how the thing is coming

out." It is bound to come out all
right if we all go into it. Legis-
latures will do nothing for us as long
as we keep quiet and there are so
many other classes clamoring for
laws to suit them.

The committee to prepare the ad-
dress being ready to report Mr.
Litchard gave way, and the following
was read by F. E. Hammond as the
report of the committee:

To all the farmers of Allegany
county, N. Y., and to all persons
following occupations which are
largely dependent on the success
of Agriculture:

We, the Farmer's League of Alle-
gany county, N. Y., in meeting as-
sembled this 22d day of August,
1890, at Belmont, address you as fol-
lows:

Believing that the farmers are not
equally prosperous with other branches
of industry in our land; knowing that
the outlook is most serious for those
engaged in agriculture and the wage-
earners in other vocations, the farm-
ers following an occupation that all
mankind is directly or indirectly de-
pendent on for an existence; seeing
our farmers quitting their avocation
because it does not pay and seeking
other pursuits, we come to the con-
clusion that there must be something
wrong—that we are either not receiv-
ing in proportion to other industries
or that we are paying more than our
share of the expenses in the support
of the government.

Now, we know that a civil, indus-
trial people, occupying a land rich in
soil, fertile by nature in products use-
ful to man—a country not over popu-
lated, swarming with mechanical in-
ventions calculated to convert
nature's wealth and transport the
same rapidly for the use of man,
whereby all should have plenty and
be equally prosperous—that the cost
of maintaining a government for such
a people, if wisely and honestly con-
ducted, should not be burdensome.

Knowing these facts, we investi-
gate and find wrong methods pursued
in selecting our public servants,
whose duty it is to work for the pub-
lic good and not, as is too often the
case, for partisan ends, personal ad-
vancement and private gain.

We also find an unjust method of
taxation prevailing, real estate bear-
ing an undue proportion of the pub-
lic expense.

To remedy this unequal taxation
and repair the wrongs that have slow-
ly but most tenaciously crept into
our system of government, we call
upon all farmers of this county, as
well as those whose interests are with
the farmers, to organize and join the
Farmers' League in every township.
We call upon you to attend your
respective party town caucuses, that
you may be able to select suitable
delegates to our congressional and
county conventions, who will voice
the public sentiment by nominating
men for office who, if elected, will re-
present and be true servants of the
people.

In conclusion, let your motto be:
Attend your Primaries. Select men
who do not seek office, but those
whom the office seeks. Carry out
and put into effect this motto and
you will improve the best government
on earth, and make it what it was de-
signed to be—"A true Government
of the People, for the People and by
the People."

Signed, F. E. HAMMOND,
A. L. LITCHARD,
J. E. MIDDAGH,
Committee.

The reading of the above address
was loudly applauded, and it was
suggested that the address be print-
ed and circulated throughout the
county. This suggestion met with

universal approval, and the matter
was left in the hands of the com-
mittee appointed to extend the or-
ganization of the League.

A. B. Cottrell suggested that some
measures should be taken to consoli-
date the work of the League and the
Alliance. He said the two organiza-
tions were working toward the same
end and he did not think the farmers
should be divided into two organiza-
tions, but should combine that their
efforts might be more successful.

It was moved that a committee be
appointed to confer with officers and
members of the Alliance, and discuss
the advisability of such combination.
R. E. Middaugh, Geo. A. Morton, A.
B. Cottrell, C. Guilford and E. J.
Potter were appointed as such com-
mittee.

Geo. A. Scott, County Secretary
and organizer of the Alliance, being
present was invited to address the
meeting. Mr. Scott responded by
stating some of the principles of the
Alliance, showing the necessary
ground to be taken by the League in
order to combine with the Alliance.
He said from what he knew of the
League there should be no difficulty
in joining forces.

Mr. Kellogg, the Pennsylvania
State organizer of the Alliance, was
also present and made a few well
chosen remarks in reference to the
objects of the Alliance, and the
strength they had already attained.
He told the farmers some plain truths
and his remarks were decidedly in-
teresting and instructive.

Interspersed with the proceedings
of the meeting were several songs by
the Rushford Glee Club, which were
listened to with pleasure by the
audience.

There being no further business
before the meeting, after passing a
vote of thanks to the Glee Club and
Messrs. Scott and Kellogg of the Al-
liance, the meeting adjourned sub-
ject to the call of the President.

The exhibition will be satisfactory, as
it has been for a number of years past.

America will ascend, from which a
daring aeronaut will leap and make a
parachute descent from the clouds.
Write to J. H. Rutherford, Secretary,
Angelica, for premium list and particu-
lars. Do not forget the date. Com-
modious hall for exhibitors. The Bel-
mont band has been secured for the
