A Kentucky boy was struck in the head by a ball from a 32 caliber revolver fired at a distance of only a few feet. The bullet flattened against his skull, but did not penetrate it. When Chili learns we have such boys from which to recruit our armies, she won't dare to fight us.

Sudden Deaths.

You can all recall sudden deaths. Nine out of every ten were caused from rheumatism or neuralgia. If you could have the assurance that the acids in the system would not centre in some vital organ, you might suffer from Rheumatism and be in no danger of a fatal issue. You can have no such assurance. Once these acids are in the blood you know not how soon siege will be laid at the very citadel of life, and you have no protection against the many ugly complications to which the Rheumatic condition gives rise. The only safe way is to eradicate from the system these dangerous visitors. There is one remedy that can do this—a very strong statement—and yet we furnish you ample proof of this fact. Act promptly. First ascertain if these are facts. Then lose no time in getting cured and be on the safe side.

NEURALGIA OF THE HEART CURED. AKRON, N. Y., Nov. 4, 1883. I was troubled with neuralgia of the heart and chest, dyspepsia and pain in the stomach from December, 1885, until about two months ago, when I began taking Dr. Hart's Rheumatic Remedy. MCGOFFIN, Druggist.

will be paid for a recipe enabling us to make WOLFF'S ACME BLACKING at such a price that the retailer can profitably sell it at 10c. a bottle. At present the retail price is 20c.

This offer is open until January 1st, 1892. For particulars address the undersigned.

ACME BLACKING is made of pure alcohol, other liquid dressings are made of water. Water costs nothing. Alcohol is dear. Who can show us how to make it without alcohol so that we can make ACME BLACKING as cheap as water dressing, or put it in fancy packages like many of the water dressings, and then charge for the outside appearance instead of charging for the contents of the bottle? WOLFF & RANDOLPH, Philadelphia.

PIK-RON
