

## I WELL!

### of Affairs in Excise matters.

As ago, as most of our know, a law was passed of this State committee for office, whether, to file an itemized campaign expenses, after election. The law was commented upon, until it was thought on understood its provisions it have severed in the News of the law is that candidate who fails to present within the time forfeit his office. It is hence whether the candidate money or not—he said just the same.

It was the last day for candidates at a meeting, and on Saturday F. O. Livermore commissioner elected by the resignation of Woodbury, had failed to file an affidavit. When this piece of news was known throughout the city, great consternation was manifested of those who favored him. It was thought they had it solidly, and it was expected to license him. He cried in a hoarse voice "Hallelujah!" or words to that effect. Here endeth the first

of runs as follows: John Livermore, elected Excise Commissioner, 1891. There is a law that no Excise Commissioner interested, directly or indirectly, in the manufacture or sale of any person elected to the office, shall file an affidavit to that effect within ten days after his election. If he has failed to file such an

affidavit, it is held by some that Mr. Livermore's failure to file an affidavit within ten days after his election does not make void the election. It is provided in the constitution that he file the affidavit upon having his attention called to the matter, and before a protest is entered against his holding office. Upon learning of this, Mr. Livermore promptly filed affidavits with the town clerk, and his friends claim he is a full and legal commissioner.

The same rule will also apply to the other commissioners. We are not aware, but doubt that the matter will be settled out before long, if to the satisfaction of everybody. The satisfaction of the law is a dove of peace will take of the excise affairs, and allow people to turn their attention to other matters.

We understand Mr. Cochran filed the affidavit required, and as to be the general opinion of the excise affairs, and allow people to turn their attention to other matters.

### Hard Padden's Death.

Hard Padden, son of Hubert Padden, met an untimely death at last Thursday. He was on the Erie, and was engaged in the air-brakes between the cars. The engineer received from some one to back up. Padden started to get between the cars, when his foot slipped on some portion of the cars, and he fell under the tender, the cars nearly severed from the body about forty minutes, the Rev. Murray and Burkely of Salamanca ministered to him in his dying

family of the deceased formerly of Andover, and the body was here for burial. The funeral was held Saturday morning in the church of the Holy Sacrament at Salamanca. A Requiem for the dead was celebrated by the Reverend Griffin of Cuba, as Master of ceremonies. Father Murray of Orleans and Father Reilly of Belvidere, as sub-deacon. Miss Mame Sullivan of Cuba, as the organist. The choir sang the beautiful hymn "Take Jesus, to Heaven." After the service the Rev. Father Griffin made a few remarks about the deceased, and the uncertainty of life, and the necessity of being always prepared to meet death. The deceased's father and mother and six

expenses of the Erie are being paid to the lowest notch. All cars are to be laid off five days each, and the number of linemen has increased.

### OH, WHAT A COUGH!

Will you heed the warning? This is not perhaps of the same import as that of the most terrible disease, consumption. Ask yourself if you can afford for the sake of 50c to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million bottles were sold the past year. It relieves croup and whooping cough at once. Mothers do not be without it.
