We use Alcohol!

pure alcohol to make WOLFF'S ACME
BLACKING. Alcohol is good for leather;
it is good for the skin. Alcohol is the chief
ingredient of Cologne, Florida Water, and
Bay Rum the well known face washes.
We think there is nothing too costly to use
in a good leather preservative.

Acme Blacking retails at 20c.
and at that price sells readily. Many
people are so accustomed to buying a dress-
ing or blacking at 5c. and 10c. a bottle
that they cannot understand that a black-
ing can be cheap at 20c. We want to meet
them with cheapness if we can, and to ac-
complish this we offer a reward of

\$10,000

for a recipe which will enable us to make
WOLFF'S ACME BLACKING at such a price
that a retailer can profitably sell it at 10c. a
bottle. We hold this offer open until
Jan. 1st, 1893.
