For W. DeWitt,  
Andover, N. Y.

Send for  
Circular below

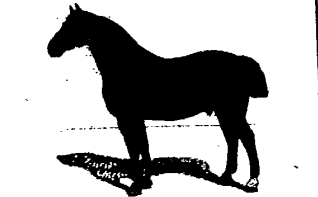

HINDALE, June 23, 1891

Mr. DeWitt: Dear Sir:

I thought I would drop you a few lines and  
tell you about Monarch's stock. The mares  
have all dropped their colts except one, all  
being colts, stout, smart and bay in color.  
They are the best lot of colts you ever set  
your eyes on and every mare that had a colt  
by him would have been brought back, had  
the horse stayed here and he would have had  
more than he could have done.

W. N. JOHNSON.

**-LAVATER.-**

**PERTINENT QUESTIONS.**

How Many Dairymen Are Keeping  
Cows at a Loss?

O. H. Smith, President of the Cata-  
raugus County Agricultural Associ-  
ation, writes as follows in the Cherry  
Creek News:

The State Dairy Commission In-  
structor, Geo. A. Smith, who has  
been investigating our dairy interests  
for a number of years, tells us that  
one-third of the cows in the State of  
New York make all the profit there  
is in keeping cows, one-third just  
about pay their keeping, and one-third  
are kept at an actual loss.

Who is keeping cows at a loss? If  
there is a man or woman in this coun-  
try who has from ten to forty cows,  
who know that they haven't one or  
more cows that are not in debt for  
their keeping, we will be obliged to  
them to tell us how they know. I  
have a dairy of cows. I don't know  
whether I have one or five such cows,  
but I hope before the year comes  
around I will be able to make a re-  
port how many such cows I have or  
had. I think as soon as we find out  
such cows, cow trades will be lively.  
It is hoped that many other men and  
women in this county will make the  
same kind of report.

How many pounds of milk must a  
cow give to pay for keeping? Mr.  
Geo. A. Smith says the milk for the  
past season in this State of New York,  
from March 25th to Nov. 25th, eight  
months, for cheese, has averaged 80  
cents per hundred pounds, net. Call  
the expense of keeping the cow \$28,  
which is a low estimate, and it would  
take 3,500 pounds of milk to pay for  
the keeping; then allow the milk and  
butter made before and after the  
cheese season, and the whey would  
pay for the labor. In butter the cow  
must make 120 pounds, and average  
22 cents per pound. She must give  
2,800 pounds of milk containing 4  
per cent. fat, or 3,800 pounds of milk  
containing 3 per cent. fat, to pay her  
keeping.

Now with these facts before us, we  
can see how very important it is that  
we know the kind of cows we are  
keeping, both in quality and quantity  
of milk; for we believe the time has  
come, or is soon coming, that our  
cheese factory system must credit us  
with the quality as well as quantity of  
our milk.

Test the milk. Purchase spring  
balances that will weigh 50 pounds,  
at a cost of \$1 or less, and hang them  
in a convenient place; number or  
name and weigh each cow's milk at  
least two days in each week, which  
will be very accurate, then when the  
the milking season has passed we shall  
have knowledge that we can't get in  
any other way. Then we have the  
facts and figures before us to select  
the cows that are worthy to be the  
mothers to raise the calves from which  
to make our future dairies. We should  
also have some sort of a test to ascer-  
tain the quality of each cow's milk.  
The Babcock milk test is considered  
the best now in the market. Cost,  
\$10. That will test eight samples at  
one time.

We are beginning to know that ac-  
counts are of as much value to a dai-  
ryman as to a man of any profession,  
and bear in mind, the cow for cheese  
that gives less than 3,500 pounds is  
in debt to us for her keeping. If for  
butter she gives less than 2,800  
pounds of milk that is 4 per cent. fat,  
with butter at 22 cents, that cow will  
be in debt for her keeping.

These are facts. I hope every dai-  
ryman and dairy woman in this sec-  
tion will avail themselves of appli-  
ances to know, when another season has  
passed, in regard to our dairies in  
profits and losses.

**INDEPENDENCE NEWS.**

The snow is fast disappearing.

The sugar crop is rather small thus  
far.

Mr. Fowler Brown, who resides in  
Bradford county, Pa., is visiting old  
friends in town.

Comrade O. G. Clarke lost a valu-  
able cow last Monday. She was a  
Holstein grade, and the best of his  
herd.

Mr. "Al" Brown is happy in having  
natural gas with which to boil sap  
this spring. He works the sugar or-  
chard on the Harman farm, a short  
distance from his residence.

The funeral of Mr. Josiah Trask  
was held at the church here last week  
Tuesday, at 11 o'clock a. m., Elder  
Kenyon officiating. The interment  
was at Hallsport. His age was 73  
years and 6 months, and he left a wife  
and four children. He was one of the  
old settlers of Hallsport, a hard work-  
er and a member of the Seventh Day  
Baptist Church of Independence.

Mr. and Mrs. Clinton Tenney, of  
Kinzua, Pa., were in town to attend  
the funeral of Mrs. Tenney's father,  
Josiah Trask, last week.

Some Gravities.

**ELM VALLEY NEWS.**

Miss Fannie Burdick is danger-  
ously ill. She is being treated by Dr.  
Constock of Andover.

Miss Leoria Grandall has been  
home from Bishop on a visit of  
a month.

In my last items, it should have  
been Mr. Gus Witter who moved on  
to the Donahue farm, instead of John  
Brink.

Our spring term of school com-  
menced last week, with Miss Hattie  
Terry as teacher.

Mr. Will Wabl will run the West  
Union cheese factory this season. He  
will move there soon.

By strictly honest, upright, dealing,  
the proprietor of our store has built  
up a good trade. He pays the high-  
est market price for all kinds of farm  
produce, which is a great convenience  
to the inhabitants of this place, who  
should patronize home trade.

Our telegraph operator, Mr. Gei-  
zenheimer, has moved into Print Bur-  
dick's house.

Our cheese meeting was held on  
Monday. U. W. Stratton is to make  
box and deliver all that sells under 9  
cents for \$1.15, and all that sells for  
9 cents and over, \$1.20 per hundred  
weight.

ANSWER THIS QUESTION.

Why do so many people we see  
around us seem to prefer to suffer and  
be made miserable by indigestion, con-  
stipation, dizziness, loss of appetite,  
coming up of food, yellow skin, when  
for 75 cents we will sell them Shiloh's  
Vitalizer, guaranteed to cure them.  
Sold by D. B. Spaulding.

HOW TO CURE A COLD.

Simply take Otto's Cure. We know  
of its astonishing cures and that it will  
stop a cough quicker than any known  
remedies.

If you have Asthma, Bronchitis, Con-  
sumption or any disease of the throat  
and lungs, a few doses of this great  
guaranteed remedy will surprise you.

If you wish to try call at our store,  
and we will be pleased to furnish you  
a bottle free of cost, and that will prove  
our assertion.

L. A. Burrows.

Special Clubbing Arrangement.

By an arrangement with the publish-  
ers of the Buffalo Express we can supply  
the different editions of that sterling  
newspaper in connection with the News  
at the following reduced rates:

News and Daily Express.....\$7.00  
News and Weekly Express..... 1.75  
News and Sunday Express..... 2.50

When the News was ready for the  
press, on Wednesday, a casting in the  
press was broken and the paper was de-  
layed until a new piece could be pro-  
cured. We are therefore enabled to  
give a few items of news which would  
otherwise not have appeared till next  
week.

**Five Licenses Granted.**

The Board of Excise met Wednesday  
and granted licenses for the sale of li-  
quors to the following persons:

Hotels—J. A. Swink, Mrs. H. Joyce.  
Ale and beer—Mrs. E. Trainor, Mrs.  
Frank Myles.  
Store—Stillman Burdick.

**Meeting of Cheese Patrons.**

A meeting of the patrons of the An-  
dover cheese factory was held at the  
factory Thursday afternoon. James  
Gallagher was elected Chairman and  
A. M. Burrows Secretary. The report  
of business for 1891 was read as follows:

No. of sales, 20; average price for  
cheese .0848; Total No. lbs. cheese  
made, 198,301; Total weight of milk,  
2,014,719; Average No. lbs. milk, for  
one lb. cheese, 10.19; Value of one lb.  
milk, .00724.

W. F. Snyder agreed to make cheese  
during season of 1892, keep the same  
insured and deliver at depot, for \$1.15  
per 100 pounds. The proposition was  
accepted and the factory will be opened  
April 20. A. C. Frisbey and Oliver  
Roshush were elected salesmen, and  
A. M. Burrows was elected secretary and  
treasurer for the season of 1892.

**Quick Work.**

A. M. Burrows ordered a carpet from  
the city Thursday forenoon, and had it  
cut and made. The carpet reached here  
on train 3 Friday morning. This is  
but we call quick work.

**GREENWOOD NEWS.**

The stage, which carries the mail be-  
tween Canisteo, Greenwood and Rex-  
ville, was obliged to go out of its way  
several miles last Saturday, on account  
of the high water in Bennett's creek  
which cut across the road just beyond  
the Coston bridge, making the road im-  
passable.

A little girl is reported to have been  
drowned in Slate creek last Saturday.  
I have not learned the name.

Miss Agnes Shaw is home from Can-  
isteo, attending her sister Sarah who is  
having a relapse of German measles.

Marion Streeter lost a good cow last  
week.

The Bassett Factory will soon open  
for business. Will Bassett, a former  
resident of Canisteo, has moved on Ben-  
nett's creek and will make the cheese.

We are glad to note that Mr. Seely of  
Rexville has become a resident of this  
town.

Mrs. Austin, an old lady, has been  
very sick but is better now.

Mrs. Vosburg, living near Bath, mother  
of Mrs. H. York and Charles Vos-  
burg, is said to be just alive, with no  
hope for her recovery.

Mr. and Mrs. Minor Shaw, accom-  
panied by Miss Richards, visited in Ja-  
per last week.

Mr. Blades will soon move with his  
family to Troupsburg.

**Auction.**

The subscriber will sell at public auc-  
tion, at her residence on what is known  
as the Grumley Farm, in the town of  
West Union, on Thursday, April 14th,  
1892, at 10 o'clock sharp, the following  
property: Nineteen cows—2 old ones—  
10 good yearlings, one pair good work  
mares with foal; one brood mare with  
colt; one four-year-old Hambletonian  
colt; harnesses, carriages and wagons;  
4 fine shafts, 2 with pig; Royce reaper,  
mowing machine, spring tooth harrow,  
sulky rake, dog-power, churn, hay and  
wood racks, milk cans, plows, 50 tin sap  
buckets and kettles, 20 extra ewes and  
1 buck, all young but one, &c., &c.

## CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that  
I recommend it as superior to any prescription  
known to me." H. A. ARCHER, M. D.,  
111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and  
its merits so well known that it seems a work  
of supererogation to endorse it. Few are the  
intelligent families who do not keep Castoria  
within easy reach." CARLOS MARTIN, D. D.,  
New York City.  
Late Pastor Bloomingdale Reformed Church.

Castoria cures Colic, Constipation,  
Sour Stomach, Diarrhea, Eructation,  
Kills Worms, gives sleep, and promotes di-  
gestion,  
Without injurious medication.

"For several years I have recommended  
your 'Castoria,' and shall always continue to  
do so as it has invariably produced beneficial  
results." EDWIN F. PARDEE, M. D.,
