ANDOVER, N. Y., MAY 18, 1892,

does not seem seem as cheerful as it was intended to be.

The delegates to the National Republican convention have all been elected, and the friends of President Harrison are now figuring upon his chances for renomination. It ought to be an easy matter to determine just how many delegates have been instructed for the President but it evidently isn't, for one calculation gives him within nine votes of enough to nominate, another makes the deficiency about fifty, and soon. President Harrison and his friends may not real ize the fact, but it is true neverthe less, that it is dangerous to the party's welfare to renominate a President unless there is an overwhelming demand for him. The case is altogether different from that of a man who has not held the office, and the President of the United States, no matter to which party he belongs, who secures a recomination by the skin of his teeth. is very apt to be defeated at the post-

Decoration Day at Rochester.

In order to afford the public an opportunity to be present at the unveiling of the Soldiers' and Sailors' Monument at Rochester on May 30th, the popular Eric Lines will sell round trip tickets at fare one way, good going on anyregular train May 28th to 30th, and for return on regular trains on or before May 31st, 1892. President Harrison and Governor Flower are expected to review the grand parade and speak at the unveiling ceremonies. There will be two cham pionship games of base ball between the Buffalo and Rochester clubs, at 10:20 a. m. and 3 p. m.

At the Republican second district convention held in Jamestown, a reso lution was offered declaring that as the Buffalo insane asylum was now over-crowded, and as the governor had vetoed the bill to enlarge the asylum, it was the sense of the meeting that Chautauqua county's insane patients should be re moved from Buffalo to its own idle but commodious asylum where they could be properly cared for.

Mr. Peter Owens, Greenbush, N. V., one of the Oldest and Best Known Engineers on the H. R. R. R., writes us:

A few years ago I was taken sick. My trouble was general debility, pain in the back, blinding sick headache and Dyspepsia, caused by irregular habits of cating and constant jar of the engine. I was losing flesh daily and had no appetite. Consulted my Physician took his medicine, but continued to grow so much medicine, but continued to grow so much corse, that I concluded that my days of labor were about over. At this critical time I was advised to try DR. KENNEDY'S FAVORITE REMEDY which I did and from the very first dose, I largan to grow better, and for the first two weeks I gained over a pound a day. I most itentify recommend it to all persons transled as I was, for I know it is a medicine worthy of all confidence, and just cine worthy of all confidence, and just cine worthy of all confidence, and just the thing for a man on the railroad.
