Set right all the proper functions of womanhood. Dr. Pierce's Favorite Prescription is the remedy. It regulates and promotes their action, and removes the obstructions and suppressions which cause trouble and misery. At the two critical periods in a woman's life—the change from girlhood to womanhood, and later, the "change of life"—it is a perfectly safe and an especially valuable remedial agent, that can produce only good results.

It's a powerful, invigorating tonic, and a soothing and strengthening nerve; a legitimate medicine—purely vegetable, perfectly harmless—and carefully adapted, by an experienced physician, to woman's delicate needs.

For all the derangements, irregularities, and weaknesses peculiar to the sex, the "Favorite Prescription" is a remedy so certain that it can be guaranteed. If it doesn't give satisfaction in every case, the money is returned. No other medicine for women is sold in this way.

No other medicine can be.
