**The Cost of Good Roads.**

Mr. J. M. H. Frierick, of Ohio, contributes a valuable article to the May number of *Good Roads*, in which he says: The cost of good roads has been to our people an apparently insurmountable obstacle; they never seeming to realize the fact that the cost of the roads in their present wretched state is a far greater burden than the building and maintenance of the best possible stone pikes could be. An intelligent farmer stated to me recently that the expense which he had put on the roads in the last twenty-five years, in the way of "working out" his road and poll taxes, had amounted to more than his rightful share would have been in the building of first class macadamized roads throughout his county; and to-day the public highways are "not one whit better" than they were a quarter of a century ago.

Let me give you a few figures as to the cost of good roads. I will take, for the sake of convenience, a county which represents a fair average of all the counties of the State as respects its mileage of important roads. The county to which I have reference has about 230 miles of such highways, which if properly built of stone, would make its country districts a veritable paradise. Considering that an excellent road can be built for \$5,000 a mile the aggregate cost for the entire 230 miles would be \$1,150,000. The average amount of property for each county, as shown by the tax duplicate, for 1891, was \$19,934,650. Were this tax of \$1,150,000 to be paid at once it would necessitate an assessment of 5.75 per cent, or \$67 on every \$1,000 worth of property as returned for taxation. Now, dividing this into ten equal payments, the annual tax which the property owner would have to pay on every \$1,000 of assessed valuation would be \$6.75. But it is to be noted that this does not represent just so much extra tax. In 1891 the tax levied in this for road and bridge purposes was within a few thousand of \$200,000, and the poll tax of the State amounted to in the neighborhood of \$1,000,000 making the total tax of the State for road "patch work" for one year about \$4,000,000, or \$2.20 for every \$1,000 of assessed valuation. Thus the cost of transition from temporary "cobbling" to the permanent building of roads would be the payment, for a period of ten years, of \$3 where \$1 is now paid.

And what would this mean? It would be difficult to enumerate the good points which suggest themselves. It would mean, instead of expending vast sums of money for a period of ten years, and at the expiration of that time not having any better roads than now, that by reasonable extra expense for only a few years we would be able to build a magnificent system of pike roads.

**PRONOUNCED HOPELESS. YET SAVED.**

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up saying, I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all, eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottle free at L. Burrows Drug Store, regular sizes, 50c. and \$1.00. 4

**HOW SHE FOUND RELIEF.**

Read this Account of the Use of a Simple, Harmless Remedy.

SCOTTSDALE, PA., March 18, 1892.

DR. DAVID KENNEDY: Dear Sir—From the time I was thirteen years old I have been afflicted with a female trouble or weakness peculiar to my sex, a sickness prevalent to women. I was a great sufferer; during this long term of years I devoured with several different physicians and found no relief; was so reduced in strength and flesh that I weighed but 68 lbs. I chanced not long ago to learn of the wonderful cures Dr. David Kennedy's Favorite Remedy was performing and I determined to try it; the first bottle produced marked improvement, and after taking five bottles of Favorite Remedy I was almost a well woman and weighed 121 lbs. "JUST THINK OF IT, MY SUFFERING SISTERS!" such a gain in weight and better in health than I ever was. I can not urge you too strongly to use this great medicine of Dr. Kennedy's. A fair trial will always produce the happiest results. I feel that in a little while I will be as strong as any woman alive. Yours respectfully,

MRS. CARRIE BOUTON.

Ladies, don't be discouraged and give up in despair, good health can be gained by using Dr. David Kennedy's Favorite Remedy. It will cure the most complicated of female sicknesses
