

THE ANDOVER NEWS
ONE DOLLAR A YEAR.
HAMILTON C. NORRIS, EDITOR
ANDOVER, N. Y., Oct. 19, 1892.

A subscriber who read in the News a few weeks ago of a man who had "twelve reasons why he was not a Democrat," one of them being "because the man who shot Lincoln was a Democrat," says he might with equal propriety say he had thirteen reasons why he was not a Republican—the first one being because the man who shot Garfield was a Republican. One would be about as sensible as the other.

Hon. M. M. Congdon, Member of Assembly—past, present and future—from this county, is receiving a little attention from the Angelica papers just now. They do not favor his reelection. Mr. Congdon was instrumental in passing the bill doing away with the Angelica half shire. Is it possible that the people of that place want to make an effort to have their half shire re-established, and fear that, with Mr. Congdon in the Assembly, they will stand a poor show of realizing their hopes? It may not be so, but their present attitude has only the effect of making people think it.

POLITICS

PROTECTION.
Bribe, looking at New York from a Democratic standpoint, finds little encouragement for Cleveland in the situation. Things must be in bad shape, indeed, if Bribe cannot figure out a Democratic victory. *Cleveland Leader.*

If Free Trade is to be such a blessing to American farmers by relieving them of the "robbery" of the Tariff, why has it not been a blessing to the English farmers after 50 years of freedom from such a robbery? *Waukesha Sentinel.*

Before responsible men who believe in Democratic principles make up their minds to vote for Grover Cleveland let them take a square, steady survey of the threatening forces behind him.—*New York Commercial Advertiser.*

The Democrats in 1888 had at their disposal two millions of dollars. What they did with it may be conjectured from the vulgar assaults made by Harrity on the Republican party, but it was not sufficient to purchase Mr. Cleveland's election.—*Baltimore American.*

TARIFF REFORM.

Here is an item about the Georgia election as telegraphed from America in that State: "One of the incidents of the day was a negro asking Speaker Crisp to be allowed to vote with him, and the two walking together to the polls and voting straight Democratic ticket.—*Cleveland Plain Dealer.*

Not so very long ago the Republican party, through its great leaders and representatives and even through its partisan commission, was apparently willing to correct the excesses of the War period and grant some measure of relief of the people. But now it is owned and controlled by protected capital.—*Rochester Herald.*

If issues were as little involved as in 1884, it is not probable that President Harrison could get a hundred votes in the Electoral College.—*Troy Press.*

Bro. Wanmaker is understood to be of the opinion that there is one more Presidency in the pockets of the protected manufacturers yet.—*Rochester Herald.*

PROHIBITION.

Saloon keepers do not let a political party stand in the way of their business.—*New Republic.*

The saloons virtually say: "You furnish the boys, we do the rest."—*Shelbyville (Ill.) Best Words.*

The liquor traffic will never be exterminated by politicians who fear to incur its enmity.—*Canadian Voice.*

If you are an enemy of the saloon and do not vote for Bidwell, you will throw your vote away.—*Missouri Voice.*

A vote for the principles you believe in is the only vote you ever cast that is not thrown away.—*Des Moines News.*

To talk about a respectable saloon is sheer nonsense. You might as well talk about an honest thief or an innocent criminal.—*Scranton (Pa.) People.*

The lack of interest in politics shows that the people have discovered that it makes no difference which of the old parties wins.—*Independent Citizen.*

Six thousand seven hundred Chicago saloons are getting ready to grab those big campaign funds that it is confidently expected the sub-committees of the two old parties will disburse.—*The Lever.*

LANE'S FAMILY MEDICINE.
Moves the bowels each day. In order to be healthy this is necessary.

CHILDHOOD AND OLD AGE.

The Tender Grandchild and a Well-to-do Old Gentleman of 72, Acknowledge Obligations.

The preparation that can be taken with safety and benefit by the tender infant, and that nourishes, strengthens, and cures the aged and infirm, is one that can truly be called scientific. Such a preparation was discovered by Dr. David Kennedy and named Favorite Remedy. It is prescribed and recommended the world over, by the medical profession, as the best medicine produced for the cure of all diseases arising from an impure condition of the blood.

This beautiful child whose picture is shown here, is the grandchild of Mr. J. E. Palmateer of Athens, N. Y., who had been cured of gravel in the kidneys and insomnia, (sleeplessness) finishes his letter by saying:

"But this is not all Dr. Kennedy's Favorite Remedy has done for our family. My little grand daughter had eczema, she was a mass of running sores from her ears around the entire neck to her cheeks. My wife gave her Favorite Remedy in small doses, and what was the result? To-day the sores have all disappeared, the skin is smooth and clear, and she is fat and rugged and as bright as a silver dollar.

Mr. Solomon Davis of North Kortright, N. Y., finds himself at 72 years, suffering from neuralgia, felt tired all the time, weak, languid, poor appetite, and no ambition.

Thought at his age nothing could do him any good, but like hundreds of other people in his condition tried Dr. Kennedy's Favorite Remedy and began to get better at once, and now feels as hale and hearty as he ever did.

It is particularly pleasing when sickness is as common as now, to know that there is a remedy that cures disease, builds up the weak and debilitated, strengthens the nerves, and has restored to health and strength, men and women who have been confined to their homes for months on beds of sickness.
