THE ANDOVER NEWS.

At a meeting of the Allegany County Publishers' Association, held at Bolivar, April 29, 1892, the following rules were unanimously adopted to take effect the week beginning May 9, 1892:
 Rule 1.—That not less than 5 cents per line be charged for resolutions of respect, and local notices of entertainments from which revenue is to be derived.
 Rule 2.—Cards of thanks to be charged \$1.
 Rule 3.—Obituary notices, except such as are published as a matter of news, and lists of wedding presents to be charged for at not less than 5 cents per line.

W. A. Wood is home from Rochester. Mrs. M. McTigue was in Wellsville Friday. H. P. Benton went to Oramel the first of the week. A. M. Burrows returned Friday from a trip to New York and Poughkeepsie. Last week Dr. Comstock was called to East Hebron, Pa., to see a comma patient.

Mrs. E. Doran has been seriously ill during the past week, but is somewhat better at present. The street lamps ordered by the village Trustees have come and will soon set their light shine. Dr. A. J. Remington and wife of Whitesville were guests of Dr. and Mrs. Comstock yesterday.

Dr. M. J. Baker of Hornellsville is seriously ill, and we understand all hope of his recovery has been abandoned. Mr. Ed. Dean was in town a few days during the past week. He is traveling for the Humanitas Sanitarium at Lakewood.

Mr. B. C. Brundage is in Rochester receiving treatment for his illness. He is slightly improved, but there is as yet no marked improvement. Myron Wheaton met with an accident while working on a hay press near Green's Corners yesterday. His foot was badly crushed and a leg broken.

Last week Monday Canaseraga voted to incorporate by a vote of 120 for to against. It was the first time trying, too. Your people won't regret it, Brother Miller.

We made an error last week in stating that Mrs. James O'Leary, whose death was noted in that issue, left three children. The number should have been stated as being four, one of whom, Mrs. R. H. Moran, of Bradford, was not mentioned in the article.

S. H. Davis, Grand Lodge Lecturer of the I. O. O. F. will speak in Union on Monday evening.

Mr. and Mrs. A. V. Durand are in Moscow, N. Y., attending the marriage of Mrs. Durand's sister.

Yesterday Dr. Comstock amputated two toes from the foot of Jacob Baker, who was recently injured in a hay press. The county seat matter was voted on yesterday by the Board of Supervisors. Only four votes were cast in favor of moving the county seat to Cuba.

Burt Russell, a young man 20 years of age, residing in Corning, died Friday from excessive cigarette smoking. He is said to have used from two to three packages daily. Mr. Michael Patten arrived in town last Friday for a few weeks' stay. He is assistant superintendent of the Cleveland & Pittsburg Transfer Co., and his headquarters have been in Cleveland for some months past.

A banquet is to be given this (Wednesday) evening to the Board of Supervisors by the business men of Wellsville, at the Fassett House in that place. In addition to the Supervisors, many invitations have been issued to prominent citizens in all parts of the county.

Frank Wagoner was shot and instantly killed near Bradford Saturday morning by Calvin Hancock. Bad blood has existed between the parties and two weeks ago an attempt was made to blow Hancock up with dynamite. Both men seemed bent on having each other's life.

Mr. J. B. Mead sustained a severe stroke of paralysis last Sunday evening. He went to the barn to do his chores, and was found lying partly inside the barn door. He was removed to the house and Dr. Stillman was hastily summoned. The patient has been unable to speak since receiving the stroke, and has no use of his limbs, except to slightly move one arm.

The next meeting of the C. L. S. C. will be held Jan. 9, 1893, at the parlors of the Methodist church. The program will be as follows: Music, No. 24; quotations, miscellaneous; question 2 in the 4 page memoranda; questions 3 and 4 in the 12 page memoranda on Grecian History, and question 43 on the U. S. and Foreign Powers. Those not filling out the memoranda may give a selection from some English poet. Usual number of questions in the *Chautauquan*, and also those on Matters Educational. Table talk on Christmas.

At the meeting held in the M. E. church parlors last Friday evening to make preliminary arrangements for the holding of the grand sacred concert in the Church of the Blessed Sacrament, there was a large attendance. Over forty singers expressed their willingness to take part, and it is probable the number will be increased. The services of Prof. La Frone Merriman of Hornellsville have been secured, and that eminent musician will act as general director of the concert. It would seem that the success of the affair is already assured.

W. H. La Coste Heard From. Many Andover people will remember W. H. LaCoste, who resided with A. C. Frisby of this village for a number of years. The following item from the Denver, (Col.) *Sun* of Nov. 27 will be read with interest by those who knew the gentleman referred to: "To-morrow there will be filed with the Secretary of State the incorporation papers of the Hampton-LaCoste Loan and Investment Co., with a capital stock of \$50,000. The object of the company will be to do a general loaning and investment business in Colorado, with its main office in Denver. The directors for the first year will be Richard Hampton, Fred LaCoste and W. H. LaCoste, of whom Fred LaCoste is to be president, W. H. LaCoste vice president, and Mr. Hampton secretary and treasurer. An elegant suit of offices have been established in the Equitable building, rooms 240-2."

Literary Society. Some of the students of the Andover Union School have organized a Literary Society. It is called the Columbian Society. The organization was perfected Monday evening with the following officers: President, Frank Burrows; Vice President, Mary Cannon; Secretary, W. H. LaCoste; Treasurer and Chronicle, W. H. LaCoste. The society will meet every two weeks, on Monday evening, at the Equitable building. The program for the next meeting will be as follows: Music, No. 24; quotations, miscellaneous; question 2 in the 4 page memoranda; questions 3 and 4 in the 12 page memoranda on Grecian History, and question 43 on the U. S. and Foreign Powers. Those not filling out the memoranda may give a selection from some English poet. Usual number of questions in the *Chautauquan*, and also those on Matters Educational. Table talk on Christmas.

HAVE YOU A FRIEND WHO DESIRES TO TAKE THE GOLD CURE?

For the LIQUOR or MORPHINE Habit. TELL HIM THIS: The perfect treatment of to-day is the result not of one man's work, but of many. The greatest objection, at present, being that most, if not all, of the so called cures use atropia (belladonna or deadly nightshade), a violent poison, to which drug has been due the cases of blindness, insanity and death occasionally reported. The use of this drug we know is not necessary, and it ought not to be used. Also remember, we have cured men who have been drinking for thirty years, without receiving a drop of whiskey during treatment. We believe we are the only company in the world who even attempt to do this. The cure is more permanent and certain. In any disease the less medicine used so effect a cure the better. A wrecked constitution may be worse than the original disease. Our patients leave us in better condition than when they came.

Our terms are \$50 for a guaranteed cure, usually in three weeks; while others often require from four to six weeks and charge by the week (\$25), making cost of treatment \$100 to \$150.

We have a treatment for the tobacco habit which is \$5.00 a bottle, and can be taken at your homes. THE WESTERN NEW YORK Gold Cure Company Main office: Buffalo.
