That Chain of Letters Again.
In its issue of January 16 the NEWS spoke of a chain of letters which had been started to assist Edna Brown of Kaneville, Ill., in collecting one billion canceled postage stamps. The Chicago Record has a correspondent at Kaneville who has been reporting to that paper the result of the inauguration of the "chain" which have been manifest at that end of the route. The correspondent writes to the Record under date of January 22:

"Miss Brown wrote to friends at her old home in New York for assistance in swelling the collection of canceled stamps. There one of her friends suggested the collection by geometrical progression. Miss Brown approved the idea, and consequently the first letter was launched by the New York lady in Edna R. Brown's name, which is on most of the letters now going the rounds of the whole United States, as well as Canada and Mexico. The originators of the plan never dreamed of the results that this original letter has brought about. Whatever inconvenience the resulting 'chain' may have been to the good people who so readily and sincerely responded, it is safe to say since the start of the good-natured public took hold with a will, and canceled stamps are pouring into the Kaneville postoffice.

"Miss Brown, who has now become Mrs. Garman, is receiving from 10,000 to 15,000 letters every day, and already has on hand millions of canceled stamps which she does not want and has no idea how to dispose of. Her chief wish now is that stamps would quit coming. "Postmaster Shoelhorn, meanwhile, has the distinction of handling more mail daily than any other fourth-class postmaster ever did. One day recently he turned over 20,000 letters to Mrs. Garman. As Kaneville is not on any railroad the mail is brought once a day by stage from Sugar Grove, eight miles away. Before the 'chain' got in working order only a handful of letters arrived daily; now there are bags of them, and the trouble continues to grow. Where it will end no one knows, but the postmaster and Mrs. Garman devoutly wish to have the thing stopped at the earliest possible moment."

According to the Record's correspondent, it is not Edna Brown (or Garman) who is the cripple, but it is a sister to Mrs. Garman's husband, and Mrs. Garman interested herself in the effort to collect stamps to pay for her sister-in-law's treatment, and the letters were sent out in her maiden name.

When she started her chain of letters she doubtless "didn't know it was loaded," but now has pretty good evidence that it was.

MORE BUSINESS.
These Items Make It Appear That Andover is Growing.

John Prest has nearly completed the only vacant store in his new brick block on Main street, under the NEWS office, and will soon have the same ready for H. F. Wilcox of Cuba, who will, as stated last week, open a variety store at this location.

Oliver Rosebush and G. W. Probasco have formed a partnership and will continue the feed and farmers' supply business lately conducted by Rosebush & Bundy, in the Bundy store, Main street. This firm may add groceries to their stock.

T. H. Ross and W. E. Snyder, son of Jesse Snyder, will soon open a Gents' furnishing goods store and merchant tailoring establishment. The members of the new firm are well known here and will doubtless do a good business. Mr. Ross is one of the best tailors to be found in this section, and can be depended on to suit his customers every time. The location of this store will be definitely decided upon within a day or two. Messrs. Ross and Snyder may possibly add other lines of goods to those mentioned.

Stillman Burdick and H. D. Smith will open a grocery in Mr. Burdick's building on Center street. The work of putting in shelves, counters, etc., is now being done, and as soon as this is completed the new firm will be ready for business. They intend to keep a full stock of all goods in the grocery and provision line.

E. Kinney and P. C. Lynch have started a new livery at the American horse barn.

P. C. Lynch has leased his building on Greenwood street to Brockelbank & Fair of Belmont, who will open a tailor shop the 15th of February.

The Hornellsville Times says: Prangen Bros. have received an order for 1,500 tons of ice for use by the Erie in Buffalo. The ice will be cut from the Cameron and Andover waters and is of the finest quality. We were informed by a party that should know, that Prangen Bros. have contracted to furnish over thirteen thousand tons of ice for the Erie. To this should be added the crop the firm has gathered for their own trade and it will be seen that they are carrying on a very large business.
