At a meeting of the Allegany County Publishers Association, held at Holtz, April 29, 1892, the following rules were unanimously adopted to take effect from the week beginning May 9, 1892.

A Few of Andover's Advantages.

- Five churches.
- A Union School and Academy that is not excelled by any school of its class as an institution of learning.
- A newspaper that prints the news and its advantages, and also believes in doing whatever will increase those advantages.
- An incorporated village, whose affairs are conducted on business principles, giving the inhabitants the best administration of village affairs and a low rate of taxation.
- Handsome residences, pleasant, shaded streets, good sidewalks, all contributing to make this one of the most desirable places of residence that can be found.
- An abundant supply of natural gas for fuel and lights, the convenience of which cannot be overestimated.
- A perfect system of water works, insuring adequate protection from fire and an unlimited quantity of the purest of spring water for domestic use.

Abram Slocum has been critically ill for several days past. Yesterday he was a trifle better, and it is hoped that he has passed through the worst, and that he will soon be out again.

It is expected the trial of Mark Houghtling, the alleged dynamiter, will begin tomorrow. He will be defended by attorneys Crayton L. Earley of this place and C. A. Dolson of Hornellsville.

Last Friday morning John Prest, while engaged in some work requiring unusual exertion, received internal injuries which laid him up. It is not expected the injury will be serious or permanent.

Prangen Brothers will resume the work of cutting and loading ice as soon as sufficient water accumulates to admit the large blocks of ice being floated to the point where they are to be loaded on the cars.

Cornelius O'Horgan of Greenwood has purchased the lots on First street between Stillman Burdick's tenant house and Charles Cochran's property. He will build a house on one of the lots the coming season.

Christian Endeavor Day was observed by the Societies of Christian Endeavor of this village, by a union meeting at the Baptist church last Sunday evening. A very interesting program was presented.

James A. O'Leary's infant daughter has been seriously ill during the past week. At one time it was feared she would not survive, but we are glad to state the little one is now much better, with good chances for recovery.

The production of the "Lightning Rod Agent," which was to have been given last Saturday evening, was postponed one week on account of the storm. It will be given this week Saturday evening at Prest's opera house. Don't fail to attend.

C. H. Farnham, of Whitesville, has just closed a very successful term of school in Dist. No. 6, in south-east Andover. Residents of that district are very sorry to lose so good a teacher, but hope that their loss will be some one's gain, as Mr. Farnham is one of the best of teachers and a highly respected young man.

At the reception to be given at the close of E. L. Lewis' dancing school, an admission fee of 25 cents will be charged spectators who attend but do not dance. It is expected this reception will be a very enjoyable occasion, and there will doubtless be a large attendance. The reception will be held next Tuesday evening, Feb. 19, at Prest's opera house.

S. J. Fowler, administrator of the estate of the late W. C. Lever, on Monday received from the American Temperance Life Insurance Association of York, a check for \$2,000, being the full amount of insurance carried by Mr. Lever in that company. This amount, with \$1,800 recently received from the Equitable Aid Union, comprised the total amount of insurance carried by Mr. Lever.

The recent cold weather interfered seriously with the flow of gas through the pipes, and everybody was compelled to buy, borrow or steal wood. The Mutual Company kept several men at the wells night and day in the effort to keep the gas moving, and it is a wonder that they succeeded as well as they did. Other places where gas is burned were, if reports are true, much worse off than we were, in some places the supply failing entirely.

The C. L. S. C. will meet with Miss Belle Brundage Monday evening next, at 7:30 o'clock. The program is as follows: Sketch of Elizabeth Barrett Browning, by Mrs. Williamson; quotations from same author; biographical sketch of Gladstone, by Mrs. Clark; Mr. Gladstone, as a literary man, a scholar and as a religionist, by Miss Brundage; what Gladstone has done for Ireland, by Mrs. W. H. Phillips; reading, selection from Mrs. Browning, by Mrs. Burrows. Table talk—Robert Louis Stevenson, with reading from same author by Miss Spaulding.

Now we know what Wm. Corey is building that big house for. He is the proud possessor of a bright girl baby, who was born a few days ago. Congratulations are in order.

A rare treat is in store for those who attend the M. E. church next Sunday evening. Sajiro Tateish, a native of Japan, converted to christianity, and now a student in the University of Rochester, will deliver a lecture on Japan, its people and civilization. The lecture will be illustrated by native curiosities. Mr. Tateish is highly recommended as a most intelligent and interesting speaker. No admission fee will be charged, but a collection will be taken at the close. All are cordially invited to attend.

The Eolian Mandolin and Guitar Club of Wellsville will give a grand concert February 20th, assisted by the "Sapphos" of Wellsville and Miss Bertha Bradt, Violinist, of Belmont. The star of the evening will be the celebrated banjo artist and composer, Alfred A. Farland of New York, the only banjo virtuoso known to the world.
