W. C. T. U.

The Woman's Christian Temperance Union of Andover meets the first and third Thursday in each month.

The legislature of New Mexico has enacted a law prohibiting the sale of tobacco in any form to minors.

Eight western state legislatures have voted on woman suffrage during the past few weeks, viz: North Dakota, South Dakota, Montana, Washington, Oregon, California, Idaho and Arizona.

Cortland W. C. T. U., at a recent meeting, discussed the following pertinent questions and sends them on for the careful consideration of others, specially those who have the privilege and responsibility of casting the ballot:

Is it right to build churches to save men and license shops to destroy them?

Is it right to license a man to sell that which will make a man drunk and then punish a man for being drunk?

Is it right to license a man to make paupers and then tax sober men to take care of them?

Is it right to license a drink-shop to teach vice and then tax people for schools to teach virtue?

Is it right to derive a revenue out of a traffic which no decent man defends?

Is it right to teach a boy not to drink and then vote to license a place where he may be taught to drink?

Is it right to teach your brother to be honest and then vote to license a place where he may be taught to gamble?

Is it right to teach a boy to restrain his passion and then vote to license a place where his worst passions will be inflamed?

Is it right to take care of your own boy and vote to license a place which will ruin your neighbor's boy?

Is it right to preach justice and charity and then vote to license a thing which robs the widow and orphans of their bread?

Is it right to go to the polls and vote without having studied this question seriously and carefully?

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for over six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it, until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, "and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by L. A. Burrows.

"Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Epsom. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. There are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one, get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by L. A. Burrows.
