THE ANDOVER NEWS.

Office up stairs in Prest's new Brick Block, Main Street.

War Songs concert Saturday evening.
P. Benson was in Buffalo Monday and Tuesday.

E. J. Atwood went to New York Tuesday night.

Mr. and Mrs. M. H. Harman were in Cuba yesterday.

Superintendent of the Poor Sidney Crandall was in town Saturday.

George Zeiff has moved into B. S. Baker's house at Tip Top Summit.

Attorney Crayton L. Farley was in Buffalo on business the first of the week.

April came in with a shower, which proves that the man who makes the weather has caught up with himself.

Misses Adele and Lua Carpenter of Alfred University, have been visiting Mr. and Mrs. J. C. Bassett the past week.

Dr. and Mrs. W. W. Crandall, of Drillsville, visited at N. M. Lanphear's in Lanphear Valley, the first of this week.

G. M. Baker, whose serious illness has been mentioned, has suffered a relapse, and his condition is critical, with little hope of recovery.

Mrs. Julia Snell, a sister of J. C. Nichols of this place, has moved here from Herkimer, and occupies rooms in Prest's new brick block.

W. W. Miller left the first of this week for New Orleans. He was accompanied by Frank Burrows, who takes the trip for pleasure and sight seeing.

Mrs. A. Z. Langworthy, of Lanphear Valley, is seriously ill. Miss Mattie Langworthy, of Erie County Hospital, Buffalo, was called home to attend her mother.

A. O'Donnell's dog Jumbo died last Saturday evening. He was about as well known as any resident, and knew as much as - as - well, as the fellow who differs from you in politics.

The Canaseraga Times was issued from the Hornellsville Times office last week, and will continue to be printed there until editor Miller can obtain a new outfit of type and presses.

The Epstein Clothing House opening, Saturday and Monday, was attended by large crowds of people, and the new enterprise and its manager got well acquainted with Andover people.

The Board of Trustees held a meeting last evening, at which W. F. Snyder was appointed Street Commissioner for the ensuing year. Mr. Snyder will doubtless prove a competent official.

Word comes from Richburg that Mr. and Mrs. Floyd Richardson are the parents of a boy baby, who was born Wednesday night. Mrs. J. W. Richardson of this place went over yesterday to get acquainted with the new comer.

Dr. E. M. Stillman has been very ill during the past week with an acute attack of pleurisy. He also narrowly escaped a run of pneumonia. We are glad to state that he is now improving, and apparently on the road to recovery.

Rev. J. D. Biden has been appointed to the immovable rectorship of the Catholic church at Albion, N. Y., and has removed to that place and begun his duties. The many friends of Father Biden will wish for him a pleasant and profitable field of labor.

The invitations for the C. M. B. A. reception have been issued. April 17th is the date. Supper will be served by the ladies of the Blessed Sacrament church, for the benefit of the church. Alternative preparations are being made for the reception, and a large crowd is expected.

That War Song concert, to be given in Prest's opera house Saturday evening, April 6th, after the supper is attracting a great deal of attention. The flag, the hoop drill and the good night song by the Misses are worth the price of admission. The concert will be held at 8 o'clock. Tickets 25c. Doors open at 7 o'clock.

Mrs. H. S. Smith is recovering slowly from her attack of pneumonia.

Mr. Charles Green, of Hinsdale, is visiting his brother, J. C. Green.

John Davis, who has been very ill with pneumonia, is improving slowly.

You will regret it if you don't take supper at the opera house Saturday evening, and hear the concert afterward.

Don't fail to read the notice of a special school meeting, called to vote upon the question of purchasing additional land for the school grounds. This question should be freely discussed, and the attendance at the meeting should be large.

L. A. Burrows, manager of the public telephone station, has received a new solid oak sound-proof booth, and the same has been put into position in his store. The use of this booth guarantees freedom from interrupting noises in the vicinity of the telephone, and also renders the conversation inaudible to those who may be in the room.

The Excelsior Cornet Band have moved their headquarters from Prest's opera house to the rooms over the store occupied by Rosebush & Probasco. Entrance second right hand door at top of landing. Drop in and see the boys; you will find the "latch string out" and they are always glad to meet their friends, which they hope, includes the entire population of Andover.

Speaking of the Canaseraga fire the Times says: "We could not have been more severely taught the need of water works. With a good system, the fire might have been subdued at the start." Just so Brother Miller. Andover folks haven't done patting themselves on the back yet over the value of their water works as a defense against loss by fire, and the beauty of the whole thing is, that the protection against fire hasn't yet cost the taxpayers one red cent.

G. H. Crandall, of Almond, the agent for the Standard Dictionary, writes the News that he has been confined to the house by illness almost continually since leaving this place in January, which explains why the Dictionaries have not been delivered to those who ordered them. He now expects to make the delivery the latter part of this month. If there is any person who did not order one while Mr. Crandall was here, and who now desires to obtain one, it may be ordered by mail, or the order may be left at the News office, and the same will receive prompt attention.

The people of this place will now be supplied with weather direct from Washington. In other words, the weather signals will hereafter be displayed each day from a pole on the top of the Andover State Bank building. It is needless to say that the displaying of these signals will be of great practical benefit, as it is a well-known fact that the predictions made at the weather bureau are generally accurate. A popular subscription has been taken to purchase flags, etc., and the service has already been inaugurated. We have it upon good authority that the only reason for securing these weather predictions from the Government bureau is that Deloss Remington and a few other weather prophets have given us so hard a winter that there was a popular demand for a change. Deloss says now that the people have the change, he would be pleased to know how they like it.
