## NEAR-BY NEWS.

A Few Outside Happenings to Which Our Readers Will Be Interested.

John Hubbel of Cuba, was buncoed a few days ago by a couple of sharpers to the music of \$3,000.

At a meeting of the board of education of Friendship recently it was voted to retain Principal Armstrong at a salary of \$1,400.

The Rev. Geo. H. Archibald, a specialist in Sunday school work, has been engaged and will address the County Sunday School Convention to be held at Wellsville on May 14 and 15.

The fire which destroyed the Erie station at Alfred last week also destroyed the coal sheds, a barn and two shops. The fire department from the village of Alfred, two miles away, hastened to the scene as soon as they received a call, and did effective work.

A sad accident happened at Allegany, three miles below Olean, Thursday afternoon. Nellie Bockmire, the 5 year old daughter of Mr. and Mrs. Conrad Bockmire, was playing around a bonfire in the school yard when her clothes took fire and she was so severely burned that death ensued the next morning.

Sawyer's Hotel at Wellsville was destroyed by fire Sunday afternoon. The fire caught from a defective chimney in the back part of the house. The hotel was a two-story wooden building, and was located next to the City Hall. The firemen had a hard fight to keep it from spreading. Loss \$4,000; insurance \$2,200.

John Gilbert, a well-to-do farmer of Rushford, met with an accident one day last week which resulted in his death. While Mr. Gilbert was backing his wagon into the barn, the barn-door closed against the horses, frightening them. Mr. Gilbert was standing on the floor and was caught between the rack and the side of the barn, breaking his arms and crushing his chest. He lived only one hour and a half.

Last week F. H. & C. W. Goodyear of Buffalo, acquired control of the Wellsville, Coudersport & Pine Creek Railroad, and in the future it will be known as a branch of the Buffalo & Susquehanna Railroad, which is owned by the Goodyears. The line is about 12 miles in length and runs from Wellsville to Perryville. The Goodyears are now at work extending the Buffalo & Susquehanna from Galeton up the Pine Creek to Perryville, a distance of about 25 miles. This will be completed in about two months, by which time it is expected fully 115 miles of track will be comprised within the Buffalo & Susquehanna system.

There have come to us for some time from the Greenwood way, rumors of a railroad from Pennsylvania to connect with the Erie at Canisteo. It seems too good to be true, but projectors of the enterprise have been in town this week and from their statements everything has a rosy hue. The old Pine Creek road bed will be used most of the distance. Right of way has been freely given and plenty of money subscribed along the route. Mr. J. B. Rumsey, formerly of this town, now owner of the Oswayo and Genesee Forks railroad, is one of the chief projectors of the new road and has been in town this week.—*Canisteo Times*.

An Albany letter in the *Cuba Patriot* says: "District Attorney Charles H. Brown has been here this week and on Monday argued a case before the Court of Appeals with Deputy Attorney General Kissleburgh as the opposing attorney. The case is of great interest to Allegany county, involving as it does the question to whether the cost incurred by the State milk inspector in unsuccessful prosecutions for alleged violation of the Dairy Act shall be borne by Allegany county or the State. Ten or twelve actions were commenced against residents of Allegany county under this statute, in each case costs were awarded in favor of defendant and the State milk inspector or prosecutors have undertaken to saddle all the costs amounting in the aggregate to at least three thousand dollars, onto the people of Allegany county. Thus far the District Attorney has succeeded in securing decisions of Special and General terms of the Supreme court in favor of the county. The decision of the Court of Appeals will be awaited with interest."

## Married.

At the Baptist parsonage, April 22d, by the Rev. Wayne Brewster, Mr. S. Leman Wheaton and Miss Ida E. Burdick, both of Alfred.

## Died.

Silas C. Cartwright died at his home in this town, Sunday evening, April 28, 1895, aged 65 years. The disease was pleuro-pneumonia. Mr. Cartwright had been ill for about three weeks. He was born in the town of Alfred and had lived in this town upwards of sixty years. He was a highly esteemed and much respected citizen. The funeral was held at the house yesterday afternoon, Rev. J. M. Leach officiating.

## Sunday School Convention.

The 21st annual convention of the Allegany County Sunday School Association will be held in Wellsville, May 14 and 15. The program has been issued, and indicates that the convention will be of more than usual interest to everyone connected with Sunday Schools. Every Sunday School in the County is asked to send a delegation. The discussions, addresses, etc., will be worthy of crowded houses at every session.

## Oil Notes.

Cottrell & Lester's well on the Bess farm was finished last week, and proved to be a good gasser with little or no oil.

Drilling in the Mutual Company's well on Eleri Udyke's farm is progressing, and will be finished, it is expected, some time next week.

The Mutual Company is also drilling another well on Wm. Hunt's farm, and has a rig up for a well on J. J. Warfield's farm.

## Cheap Wool.

A dispatch from Jamestown says: "The wool clip of 1895 of Western New York, Ohio and Pennsylvania is commencing to find its way into the market of the various woolen-mills of this city. The prices quoted are the lowest in the history of the woolen industry of this city. Good grades of home-grown wools are brought at the following prices: Washed mediums and combing staple, 18½ cents per pound; unwashed, 14 cents; washed clothing wool, 14 cents; unwashed, 9½ cents. The offerings at the local mills from the three states named do not amount to more than 25 per cent. of the total amount used here. The various woolen mills in this city will consume during the present year about 3,000,000 pounds of the raw material. A large share of this comes from the South American countries and from Australia. There has been a great falling off in the production of wool in the country tributary to the Jamestown market, farmers and stock-raisers considering it unprofitable to engage in the business to any extent."

## Arbor Day Program at the School.

1. Music—Singing, "Neath the Old Apple Tree," School.
  2. State Superintendent Crooker's letter.
  3. The Flowers—Daisy, Buttercup and Pansy.
  4. Recitation—"Nature's Awakening," Elizabeth Owen.

  11. "The Jolly Little Clackers," Primaries.
  12. Recitation—"Who Plants a Tree," Maude Williamson.
  13. Song—"My Mountain Home," School.
- Planting and dedication of a tree to Mr. Will Carleton.  
Planting and dedication of a tree to Miss Frances Willard.  
Song—"America."  
Exercises at 9:15 a. m., Friday, May 3, 1895.

State Engineer and Surveyor, the Hon. C. W. Adams, of Albany, and assistant M. W. Wilber, of Rochester, visited the Cuba reservoir a few days since and pronounced the embankment safe and sound, the annual spring reports to the contrary notwithstanding.

## CENTENNIAL CELEBRATION.

This Interesting Event Has Been Postponed One Week.

John S. Minard, of Hume, one of the leading movers in organizing the Allegany County Historical Society, and also in perfecting the plans for the celebration of the one hundredth anniversary of the settlement of this county, was in Andover last Friday, and informed a News representative that the dates for holding the celebration at Wellsville had been changed from June 19 and 20 to June 26 and 27. The change was made, Mr. Minard said, solely for the reason that the dates first decided upon would conflict with the annual commencement of many schools in the county, and it was deemed advisable to make the change in order that the people might have an opportunity to attend the celebration without the necessity of absenting themselves from school exercises.

It would seem that the change was wisely made, and it will doubtless result in securing a much larger attendance at the celebration than there would otherwise have been.

Mr. Minard also informed us that preparations are being made for exhibiting mammoth stereopticon views, illustrative of events that have taken place in this county from the time of settlement to the present. These views will add much to the pleasure and profit of the celebration.

As the time for the grand demonstration approaches, and the plans for the same begin to assume definite shape, it is apparent that nothing will be left undone that could add to the interest of the occasion, and the people of this section should spare no effort to assist in making it a success, not only by attending the exercises, but in any other way that lies in their power.

The celebration is sure to be as glorious a success as the occasion merits, and everybody in Allegany county should "take a hand in," in one way or another.

## MUSEUM OF RELICS.

The women of Wellsville have perfected an organization to arrange for a Centennial Museum of Historical Relics. They have issued an address to the women of Allegany County, asking that a meeting be held in each town and a committee appointed to secure relics for exhibition. The address asks for the collection of "articles which were in the possession of our early settlers, that may illustrate their mode of living, or be of general interest. Also any valuable relics such as furniture, clothing, and works of art, which will be of wide public interest. Any flags, swords, or guns which were carried by our 'Boys in Blue,' will be gladly received, also valuable specimens of the county's Geology and Natural History."

The address further says: "It is requested that the people of each town attend to the collecting, marking and shipping of the exhibits to Wellsville. Previous to sending them, a list of the same should be sent here to the President for approval, as the committee wish to avoid the unnecessary duplication of exhibits. Please ascertain immediately what can be done in your town, and send not later than June 1st, a catalogue of the exhibits your place can furnish."

"Relics should be plainly marked and described as to age, and any peculiar interest that may attach. The list sent in advance should also indicate these particulars."

"The Committee of Installation will receive them here, and return them in safety to the various towns."

## The Oil Market.

Oil is quoted today at \$1.90 a barrel.

Shiloh's Cure, the great cough and croup cure is in great demand. Packet size contains 22 doses only 25c. Children love it. Sold by O. E. Vars.

## Afternoon Tea.

Flt. Wirtwell in her last syndicate article says: "I don't recommend any special brand of tea for afternoon four o'clocks. I do, however, know all about the best tea to take at night. Parks' Tea will certainly clear your complexion and purify your blood. You will be surprised at the improvement if you take a cup of Parks' Tea each night." Sold by Benedict & Van Noy.

## Oh Yes!

We keep Parks' Cough Syrup and we sell everyone it is the best cough cure we sell. Everybody likes it and we will sell it on a guarantee. Try it for your cold. Sold by Benedict & Van Noy.
