

THE ANDOVER NEWS.

ONE DOLLAR A YEAR.

HAMILTON C. NORRIS, EDITOR

ANDOVER, N. Y., May 1, 1896.

President Cleveland's idea of argument or discussion is a common one—that the other fellow should always give in.

It was probably President Cleveland's declaration for gold that brought out ex-Senator Ingalls as a free silver man.

The legislator whose name is Money is probably not the only money that is cutting a figure in that Delaware Senatorial muddle.

The South Carolina mother who, with the aid of a revolver, drove off the man who intended eloping with her fourteen-year-old daughter, is certainly a "new woman."

John L. Sullivan saved a woman who was in danger of being burned to death, the other day. John should now save his own interior from being burned with bad whiskey.

There is a clause in that Japan-China treaty in which this country is as deeply interested as England and Germany—that admitting all articles of Japanese manufacture to China free of duty. It will give the Japs a monopoly of the Chinese markets.

The Washington-municipal authorities have often been accused of being over-friendly to the liquor interests, and the announcement of their intention to restrict the use of water by the introduction of water meters is not calculated to refute the accusation.

"Sound money!" What is sound money, anyway? Surely the merry jingle of silver has as pleasant a sound as anything we can think of, although this must not be taken as expressive of a belief on the part of the News in the free silver policy advocated by some people.

The May number of the *Ladies' Home Journal* is as full of interesting matter as any of the preceding numbers have been—in fact it surpasses all of them in some respects. This magazine has come to be a household necessity in nearly every family, and at its low price of ten cents per number or one dollar per year, no household can afford to miss a single number. The "Erie's" Second and Last Spring Excursion to New York.

On Tuesday, May 14th, the popular Erie Lines will run its last half-fare Spring Excursion to the American Metropolis, and the public should avail themselves of the splendid opportunity and liberal conditions offered. Tickets will be good for passage going on any regular train on May 14th, and for passage returning on any regular train leaving New York on or before Sunday, May 19th, 1896. Fare, round trip from Andover, only \$7.30.

For tickets and Pullman car accommodations apply to your nearest ticket agent of the Erie Lines.

It Did the Business. J. H. Cobb, publisher of the *Mirror*, at Brocton, N. Y., says: "For nearly two years the *Mirror* has been publishing the advertisements of Chamberlain's Remedies. A few days ago the writer was suffering from a bowel trouble and resorted to an old remedy which did not prove efficacious; finally he tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and two doses did the business, checking it completely. For sale by L. A. Burrows.

A May Day Excursion to Buffalo and Niagara Falls. Winter is past and the public are anxious for an early Spring pleasure trip, which the popular Erie Lines has arranged for Sunday, May 12th, to Buffalo and Niagara Falls, at remarkably cheap rates. Tickets will be good to return Sunday or Monday. Do not miss this splendid opportunity. It will do you good.

Train will leave Andover at 6.30 a. m. Fare, round trip, only \$2.00.

Mrs. T. S. Hawkins, Chattanooga, Tenn., says: "Shiloh's Vitazizer saved my life. I consider it the best remedy for a debilitated system I ever used." For dyspepsia, liver or kidney trouble, etc. Price 75c. Sold by O. E. Vars.

Karl's Clover Root, the great blood purifier, gives freshness and clearness to the complexion and cures constipation, 25c, 50c, and \$1. Sold by L. A. Burrows.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good. Price 50c. Sold by O. E. Vars."

Agreeably Surprised.

"I had a very severe cold on my lungs that caused much soreness and gave me considerable uneasiness in regard to the result," says T. E. Smith, of Billerica, Mass. "A local druggist called my attention to Chamberlain's Cough Remedy, and on his recommendation I gave the remedy a careful trial. The result surprised me; I recovered entirely in three days." 25 and 50 cent bottles for sale by L. A. Burrows.

N. PERKINS.

The Deering Roller-bearing Ideal Mower.

Lightest draft of all. The Ideal was given highest honors at the World's Fair, because it showed a draft of only 85 3/4 pounds against 152 pounds for its highest competitor of the same width of cut. Since the Fair it has been winning hands down in every part of the world.

ROLLER BEARING

MAKES LIGHT DRAFT.

These steel rollers in the bearings change sliding contact into rolling contact, and make the Deering Ideal Mower move easily and quickly along through the most difficult crops. No silence is golden, for noise means wear, and wear means waste.

SPRATED LEVER PLATES hold up the fine grasses and press them against the knives. They make the Ideal Mower the only one that can run slow and do perfect work in difficult grass, and the only one that can stop and start as often as you wish without backing.

HORIZONTAL CRANK SHAFT AND VERTICAL CRANK WHEEL make the wonderful Deering pitman move easy and quickly backward and forward in the same line, like the piston of a locomotive, instead of jerking and wobbling like the pitman that is run by a slanting crank wheel.

ADJUSTABLE DRAG BAR makes it the work of only a few minutes time to bring the cutter bar back into line after years of wear have allowed it to sag back. No other mower has this provision. All other mowers are ruined before their time by the bar sagging back and throwing the knives out of register.

All the power exerted by the horses is used in cutting grass.
