

THE ANDOVER NEWS.

ONE DOLLAR A YEAR.

HAMILTON C. NORRIS, EDITOR

ANDOVER, N. Y., May 8, 1896.

In New York the burglars have taken to robbing the politicians, which is what some people would call "poetic justice."

The people of the United States have to pay more than eight times as much as the people of France pay for fire insurance. Why?

A lawyer's confidence in the innocence of his client seldom causes the loss of an opportunity to quash an indictment on a technicality.

After all, it is the fellow who knows when not to talk and who has the will power to act in accordance with that knowledge who is truly wise.

Ex-Speaker Crisp is a wise politician. He knows that his advocacy of the nomination of "some good western man" will make him no enemies in the west.

Benjamin Harrison is an expert in the manipulation of political wires, and if he doesn't capture that nomination himself, he is apt to be on friendly terms with the man who does.

So the republican nomination next year is to be claimed for Senator Allison because he is a Ohio man. No Ohio man was ever known to miss anything by failing to put in a claim for it.

In Mexico a revolver is a part of a bridegroom's outfit, for his wedding breakfast. This curious custom caused a death the other day; the pistol fell to the floor, accidentally fired, and killed one of the guests.

The man who does not believe that Americans are intensely patriotic has only to read the newspaper commendations of the robust Americanism in that London speech of Ambassador Easton to change his mind.

The judge of a Washington Police Court sent a boy to the work-house for five days because he laughed at a policeman. It is fortunate Solomon didn't live until now as a dispenser of justice he wouldn't be "in it" with this judge.

In Washington the police watch the treasures in the preachers' houses while the preachers are engaged in frelaying up treasures in heaven. Frequent robberies at preachers houses during the hours of church service have brought about this state of affairs.

The June number of Toilettes, which comes to us in a most lovely dress, bedecked with June roses and honeysuckles, continues to fulfill every possible want of our fair readers in new fashions. It gives a larger variety of styles than any other fashion magazine in the world; its designs are all by leading Parisian modistes, so therefore authentic and thoroughly up to date. A special pattern arrangement gives its readers the benefit of exceedingly low rates on patterns offered in connection with its designs. It is offered to the public at little more than one-half the price asked for every other high class fashion magazine, though giving actually twice the value. Toilettes Pub. Co., 128 West 23d St., New York.

Strayed. From the pasture of the undersigned, on Pixley Hill, Monday morning, May 6th, two 3-year-old colts, and dark bay with white star on forehead; the other light bay with white stripe in face. Suitable remuneration for knowledge of their whereabouts.

PATRICK BAKER. The "Erie's" Second and Last Spring Excursion to New York.

On Tuesday, May 14th, the popular Erie Lines will run its last half-fare Spring Excursion to the American Metropolis, and the public should avail themselves of the splendid opportunity and liberal conditions offered. Tickets will be good for passage going on any regular train on May 14th, and for passage returning on any regular train leaving New York on or before Sunday, May 18th, 1896. Fare, round trip from Andover, only \$7.30. For tickets and Pullman car accommodations apply to your nearest ticket agent of the Erie Lines.

For Sale. Two good building lots in the village of Andover. Call on or address Miss Minnie Freeborn, Andover, N. Y. Karl's Clover Root, the great blood purifier, gives freshness and clearness to the complexion and cures constipation, 25c, 50c, and \$1. Sold by L. A. Burrows. Captain Sweeney, U. S. A., San Diego, Cal. says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good. Price 50c. Sold by O. E. Vars."

Expensive Surphoid. "I had a very severe cold on my lungs that caused much soreness and gave me considerable uneasiness in regard to the result," says T. E. Smith, of Billerica, Mass. "A local druggist called my attention to Chamberlain's Cough Remedy, and on his recommendation I gave the remedy a careful trial. The result surprised me; I recovered entirely in three days." 25 and 50 cent bottles for sale by L. A. Burrows. All kinds of feed and fresh ground meal at Lanphear's mill.

SHOCKING!

It's simply shocking—the amount of hard earned money that goes to the easily made profit of trade! And even if your money is easily earned—isn't it valuable? There is at least one of the necessities of life that in Andover may be bought without paying superfluous profits.

THAT'S SHOES.

Only one place though—that's Ross' Cash Store.

The Deering Roller-bearing Ideal Mower.

Lightest draft of all. The Ideal was given highest honors at the World's Fair, because it showed a draft of only 85 1/2 pounds against 152 pounds for its highest competitor of the same width of cut. Since the Fair it has been winning hands down in every part of the world.

ROLLER BEARING MAKES LIGHT DRAFT.

These steel rollers in the bearings change sliding contact into rolling contact, and make the Deering Ideal Mower move easily and quickly along through the most difficult crops. Its silence is golden, for noise means wear, and wear means waste.

SERRATED LUGGER PLATES hold up the fine grasses and press them against the knives. They make the Ideal Mower the only one that can run slow and do perfect work in difficult grass, and the only one that can stop and start as often as you wish without backing.

HORIZONTAL CRANK SHAFT AND VERTICAL CRANK WHEEL make the wonderful Deering pitman move easy and quickly backward and forward in the same line, like the piston of a locomotive, instead of jerking and wobbling like the pitman that is run by a slanting crank wheel.

ADJUSTABLE DRAG BAR makes it the work of only a few minutes time to bring the cutter bar back into line after years of wear have allowed it to sag back. No other mower has this provision. All other mowers are ruined before their time by the bar sagging back and throwing the knives out of register.

All the power exerted by the horses is used in cutting grass.

SOLD BY JAMES JOYCE, Andover, N. Y.
