I have two little grand-children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my housework. Mrs. W. L. Dugagan, Bon-aqua, Hickman Co., Tenn. For sale by L. A. Burrows.

Karl's Clover Root, the great blood purifier, gives freshness and clearness to the complexion and cures constipation, 25c, 50c, and \$1. Sold by L. A. Burrows.
Captain Sweeney, U. S. A., San Diego, Cal. says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good. Price 50c. Sold by O. E. Vars."

Bicycle bloomers are not in it with the up-to-date bathing suits.

Whatever else may be said of Secretary Olney, he certainly knows beans.

Intoxicating liquors as picnic adjuncts are proving just as dangerous and deadly as ever.

If the political orator is to keep the floor all summer, what chance will the tellers of fish and snake stories have!

Your uncle Benny Harrison is proceeding on the theory that the per-simmon belongs to him who can knock it down.

Maybe Commissioner Roosevelt will not succeed in his efforts to reform the New York police, but he is making the "coopers" step around lively just now.

Bishop Cox accuses the "new woman" of "disseminating odious principles from the lecture platform." He may now confidently expect a lot of free advertising.

Young J. K. Emmet, the actor, may not have inherited his father's ability, but there is no doubt about the bad habits, as his attempt, while drunk, to kill his wife proves.

An Oklahoma jury, in a "drunk and disorderly" case, returned a verdict declaring the defendant not guilty of the charge and the sitting judge guilty, and assessing the costs against the judge.

The atmosphere in the Department of State has always been several degrees cooler than anywhere else in Washington, and the mercury has dropped still lower since Secretary Olney took charge.

A crank says he wants to marry Miss Vanderbilt. Several million men not classed as cranks also want to marry the young lady's cash box, but they haven't said so, because they know it is idle to talk of such wants.

President Cleveland is said to believe his presence at the Atlanta exposition will lessen free silver sentiment in Georgia. Maybe he's right, but his presence at Washington did not seem to have that effect on the last Congress.

Perhaps it was some bicycle manufacturer who instigated the charge made by the Women's Rescue League of Boston, that bicycle riding was conducive to immorality, to meet the objections of those who say the sport is too "goody-goody."

General Scofield came very near to declaring himself a silver man when he said in reply to the question of a Nebraska man, asking him his views on silver: "No man knows where I stand on that question, and so long as I stand at the head of the Army it would look somewhat peculiar should I express my views upon this vital question. These views might be different from those entertained by the head of the government, and it would only embarrass him should I take it upon myself to air what are clearly foreign to my ideas under existing circumstances."

J. B. Davis of this place and C. A. Olbey from Olean, are prepared to do all kinds of carriage and wagon painting. Mr. Olbey is a first class workman and this firm guarantees perfect satisfaction and low prices. Shop in new barn near Lanphear's mill.

"Many of the citizens of Rainsville, Indiana, are never without a bottle of Chamberlain's Cough Remedy in the house," says Jacob Brown, the leading merchant of the place. "This Remedy has proven of so much value for colds, croup and whooping cough in children that few mothers are willing to do without it. For sale by L. A. Burrows."

P. S. Place of Alfred continues in charge of the undertaking business heretofore conducted by T. A. Robinson, and will also conduct the furniture department, giving prompt attention to upholstering and all matters connected with the business.
