The common safety bicycle contains over 600 pieces of metal.—Exchange. And it takes a few hundred pieces of "metal" to buy one. An even exchange is no robbery.

Some of the towns in this county are "circused" to death.—Cuba will have two this month, with the balance of the season yet to hear from. Andover has escaped thus far.

John Prest is preparing to build a new house on the corner of Main and Dyke streets, on the lot he purchased from E. Donnelly. Mr. Prest already has two houses on this lot.

Miss Elizabeth Owen, daughter of William Owen, is home from Duluth, Minn., for the summer vacation. Miss Owen holds a responsible position as teacher in one of the schools of that city.

Prof. Benj. G. Estes, who will be the principal of the Andover school the coming year, moved with his mother and sister to this place last week. They occupy one of John Prest's new houses on Dyke street.

When "local rains" are predicted it means that the storm, instead of being wide-spread, will be separated into showers which will fall only in places where people have forgotten their umbrellas. This is unofficial but reliable.

A few weeks ago we spoke of a reunion of the Krusen family which would be held here in August. It is now stated that the reunion will be held by the Krusen and Mead families—the descendants of John Krusen and Prudence Mead. The date decided upon is the 22d of August.

The fellow named Delaney who recently borrowed a bicycle of Prof. A. D. Howe of Whitesville and failed to return it, and who was afterward arrested in Angelica, is the same party who was arrested here several weeks ago for jumping a board bill at Friendship.

Probably the first cotton plants ever raised in Allegany county are those now growing in the American house garden. The seeds were brought from the south by Harry Joyce and planted by him as an experiment. The plants are now about three feet high and resemble sunflowers. Mr. Joyce is of the opinion that the plants will blossom.

The fourth of July celebration at Jasper was a great success. A very large crowd was present, and everything went along without a hitch.—The Excelsior Cornet Band of this place furnished the music, and this was thoroughly enjoyed by all who heard it. Our excellent musical organization is winning new laurels every time an opportunity presents itself.

This morning George Byron Herriek showed unmistakable evidence of insanity. He was not violent, but his mania seemed to be an uncontrollable desire to run, jump, yell, beat the drum, or make a noise of almost any kind. His friends were much exercised over his condition until it was learned that the cause of all the disturbance was the fact Mr. Herriek is grandpa to a brand new boy baby, who was born to S. G. Herriek of Brookton, on the 9th inst.

The good news was too much for our townswoman at first, but it is thought he will recover his normal faculties in time, and will be all right until the youngster makes his first visit here, when a renewal of the outbreak may be expected.

Try our canned goods; none better. J. L. Williams.

Last Saturday the life lease of Hale Davis in the premises on the corner of Main and Greenwood streets was sold at Sheriff's sale. Attorney W. H. Nourse of Olean bid off the aforesaid interest in behalf of his clients, who are judgment creditors of Mr. Davis. The amount paid was \$200, which leaves a balance of \$200 yet due on the judgment. Under this sale possession cannot be taken until one year after the sale, that length of time being allowed for redemption. We understand, however, that steps are being taken by Mr. Nourse by which possession may be sooner secured. This property is well located and valuable, and undoubtedly there are parties here who would be glad to purchase the same and make improvements, if complications in the title can be disentangled, which may possibly be done before many more years shall have rolled around.
