

W. C. T. U.

The Woman's Christian Temperance Union of Andover meets the first and third Thursday in each month.

When the temperance girls of our land take such a stand as the young women of Danbury, N. Y., are doing, the "brothers of girls" will more seriously think on the cup of the "mockery." In this town is a society of young women numbering about four hundred whose members are among other things, pledged not to marry men who drink. The society is regularly organized, being known as the St. Peter's Ladies' Temperance Society. These brave nineteenth century girls expect to enroll a thousand names on their records. They are wise in their day and generation and their house will surely not be left unto them desolate.

In an article in the *Strand Magazine* on Sir Andrew Clark, the following incident is recorded as an illustration of the attitude the eminent physician took in regard to the use of stimulants: "A clergyman complained to him of feeling low and depressed, unable to face his work, and was tempted to rely on stimulants. Sir Andrew saw that the position was a perilous one, and that it was the crisis in the man's life. He dealt with the case, and forbade the resort to stimulants, when the patient declared that he would be unequal to his work and ready to sink. Then," said Sir Andrew, "sink like a man!" - *Classmate.*

As has been well said, our great national sin is not drunkenness, but the legalizing of drunkard-making. The great evil of high license is not that it fails to decrease drinking, but that it gives protection to the traffic and blinds the public mind to the fact that "revenue" derived from this source brings with it a curse, which is felt in very tissue and fiber of the nation's social and political organism. If this government—the people—would sever its connection with the rum power, if it would refuse to share its blood money or to "justify the wicked for reward," even if it should take no aggressive steps toward its abolishment, we believe it would not be long before the government—the people—would come to view the liquor traffic from the standpoint of the Prohibitionist, of the Christian temperance man and woman—as an unnecessary evil, an evil the overthrow of which means the adjustment of many a difficulty of these times which are now so painfully out of joint.

The Silver Lake season opened this year July 1st. Everything is lively there. The auditorium has been enlarged, an athletic ground laid out, and the attractions will be the best throughout the season. Cottages are opening and the lake-side presents a very inviting appearance.

Celeron and Chautauque Excursion July 18.

Hello! Did you hear of the Erie's cheap excursion to Chautauque Lake and Celeron? Yes, sure, and we are all going. What a delightful trip, all around the lake on steamer and a visit to the celebrated Celeron. The Erie has never offered a pleasure trip embracing so much of the beautiful in nature and art as this affords. Better go Thursday, July 18.

Train leaves Andover at 7:40 a. m. Fare, round trip only \$1.50.

A horse kicked H. S. Shafer, of the Freemyer House, Middleburg, N. Y., on the knee, which laid him up in bed and caused the knee joint to become stiff. A friend recommended him to use Chamberlain's Pain Balm, which he did, and in two days was able to be around. Mr. Shafer has recommended it to many others and says it is excellent for any kind of a bruise or sprain. The same Remedy is also famous for its cures of rheumatism. For sale by L. A. Burrows.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

W. H. Nelson, who is in the drug business at Kingville, Mo., had so much confidence in Chamberlain's Colic, Cholera and Diarrhoea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no stock in doing this because the Remedy is a certain cure for the disease for which it is intended and he knows it. It is for sale by L. A. Burrows.

NEAR-BY NEWS.

A Few Outside Happenings in Which Our Readers Will Be Interested.

The authorities of Cuba are making it lively for violators of the excise law. Stadel Brothers' circus, which started out from Wellsville a few weeks ago, is stranded at Mansfield, Pa.

An oil and gas company has been organized at Belmont, for the purpose of drilling a test well in the near future.

Wellsville merchants have agreed to close their stores at six o'clock p. m. during the months of July and August.

Elmira is to have a big bicycle factory. The contract for erecting the building has been let the price being \$20,000.

William Cranston, one of the best known citizens of south-western Allegany, died at his home in Little Genesee last Friday, aged 58 years.

A law and order league is being organized at Elmira, whose main object will be to enforce the closing of saloons on Sundays. Some of the best and prominent citizens of Elmira are engaged in the movement.

Canaseraga will doubtless have water works. The *Times* says the petition being circulated in favor of water works bears the names of 69 tax payers, or two-thirds of all those who are entitled to vote upon the question. It now only remains for the village trustees to take active steps towards securing a first class system.

An insect has been discovered which is believed to be a deadly enemy to the potato bug. The insect is of a green color except its head, which is yellow. Its body is about half an inch in length and it has wings. It appears to eat the potato slugs greedily, which die as soon as they are attacked by it. If this is the real mission of the insect it would be well to guard them carefully.

Fredonia ministers have begun a crusade against spiritualism. This form of belief is to be vigorously assailed, first by one preacher, then another. Rev. Mr. Smith, of that village, inveighed against it Sunday evening. The reason for all this is said to be that the influence of Lily Dale is being more and more felt in that village each summer, and there is a consequent falling off in church attendance.

Last Friday afternoon a bridge on the Purdy Creek road broke down while R. Clark was driving over it with a load of wood. The load and Mr. Clark were precipitated into the creek ten feet below. The wagon was badly broken. The horses were injured somewhat by being struck by the wood. Mr. Clark fell in such a manner that a large part of the load fell upon him injuring him to a considerable extent about the hips. He will recover. - *Canisteo Tidings.*

President Cleveland has granted a pardon to James Faulkner, who pleaded guilty in the Northern Dist. of New York in 1890 to an indictment for violation of the United States banking laws, in making false reports of the condition of the First National Bank of Danville to the comptroller of the currency. He served one year on a five years' sentence, when the unexpired portion was remitted by President Harrison on August 1, 1892. The only effect of President Cleveland's action is to restore Faulkner to citizenship.

At Almond a man named Finn, employed in Hopkins nursery, and a young man named Burdick, who had been engaged picking berries on the Hopkins farm had some altercation, and meeting a few evenings since on the street got into a fight in which Finn was knocked down by Burdick who was taken off of Finn. Burdick was stabbed near the temple with a pruning knife in the hand of Finn. Two arteries were severed and Burdick bled profusely. Drs. Bowen and Benjamin dressed the wounds, and Burdick bids fair to recover.

The producers of the Allegany oil field are not doing a thing but smiling and hustling. During the month of June there were thirty-two wells completed with a total production of 132 barrels and nine dry holes. July opens still more promising with twenty-four wells drilling and sixteen rigs under way, a total of fifty. At the present price of oil the wells in the Allegany field bring their owners good returns. The same story of increased operations comes from all the oil fields but the big pools longed for fail to materialize and many of the producers believe that the oil market will take another upward turn before many weeks go by. The demand for oil well supplies and labor still continues brisk in the Allegany field and the boom which came along a few months ago shows no signs of piling out right away.

Last June Dick Crawford brought his twelve-months-old child, suffering from infantile diarrhea, to me. It had been weaned at four months old and had always been sickly. I gave it the usual treatment in such cases but without benefit. The child kept growing thinner until it weighed but little more than when born, or perhaps 10 pounds. I then started the father to giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used a marked improvement was seen and its continued use cured the child. Its weakness and puny constitution disappeared and its father and myself believe the child's life was saved by this Remedy. J. T. Marlow, M. D., Tamaroa, Ill. For sale by L. A. Burrows.

At a meeting of the Allegany County Publishers' Association, held at Bolivar, April 25, 1892, the following rules were unanimously adopted to take effect the week beginning May 9, 1892.
RULE 1.—That not less than 5 cents per line be charged for resolutions of respect, and local notices of entertainments from which revenue is to be derived.
RULE 2.—Cards of thanks to be charged 5¢.
RULE 3.—Obituary notices, except such as are published as a matter of news, and lists of wedding presents to be charged for at not less than 5 cents per line.

Mrs. T. S. Hawkins, Chattanooga, Tenn., says, "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used. For dyspepsia, liver or kidney trouble it excels. Price 75c. Sold by O. E. Vars."

Karl's Clover Root, the great blood purifier, gives freshness and clearness to the complexion and cures constipation. 25c, 50c, and \$1. Sold by L. A. Burrows.

Oxydonor "Victory"

Invented and manufactured by Dr. H. Sanche.
Cures all forms of curable diseases without medicine or electricity. The instrument causes the human body to drink in the Oxygen of the air, thus it causes diseases to be cured as readily as contracted.
OXYDONOR "VICTORY" is small enough to be carried in the pocket, and may thus be kept ever ready to save the life of its possessor, quickly, from the most formidable forms of disease, and often in less time than is required to get a doctor.
This instrument is adapted to every climate and to every disease. It is Simple, Innocent, Effective, Durable, Reliable, and manageable by any one, even a child. No sensation except Increase of Vigor. It is especially adapted to self treatment. It cures the most fatal diseases in a few hours without any medicine, with the Oxygen of the air.
Write for a book of testimonials, to either P. W. EMENS, M. D., General Manager, 321 Montgomery St., Syracuse, N. Y., or to Mrs. J. B. ROBBINS, of Wellsville, Agent for Allegany and Steuben counties. Agents wanted.
