GOOD-BYE SALE

SUMMER GOODS.

The story in a nut-shell. Instead of having a closing-out sale in September, we put September prices on now when summer goods are selling when there are yet ahead two or three months of service.

All the summer goods in the entire establishment have been marked down to make the last two weeks of the busiest July in 14 years' business a fitting climax to the month.

An exchange says: "A good thing for the citizens of a town to remember is that the men in it make the town, and it is not the town that makes the men. Some men imagine that if they only lived somewhere else they would do great things. Try it where you are."

Benedict & VanNoy on Monday had on exhibition a specimen of the insect which kills the potato bug. It is about twice the size of the latter, of a dark brownish color, and has very long legs and a very long bill. With the latter he attacks the potato bug and soon makes an end of the pest. If you see any of these animals in your potato patch, give them the liberty of your premises and invite them to stay all summer.
