

THE ANDOVER NEWS
ONE DOLLAR A YEAR.

HAMILTON C. NORRIS, EDITOR
ANDOVER, N. Y., September 18, 1895.

Great is the force of habit. Col. William R. Morrison would be apt to dodge that Presidential nomination if it were tossed to him.

A Lockport man 92 years old has sued a woman of 80 for breach of promise. She should remember that it is never too late to patch up.

It is rather strange that the very people who are convinced that a third term is an impossibility should waste so much breath in talking against it.

We judge that the Ohio Republicans are not on a still hunt this year. Twenty-eight brass bands are reported to have been employed for the opening of their campaign.

According to editor Kohlsaat, the chances against the election of a resident of one of the big cities to the U. S. Senate are more than 10 to 1. It may be added that in several states they are now 16 to 1.

This is the season for hail stones "as large as hens' eggs." We understand the hens of Western New York are preparing a petition asking for an accurate measurement of hail stones, so that they can lay eggs accordingly.

Mr. Balfour, the first lord of the British Treasury, is like the man who was for the law but against its enforcement. He says in effect that he favors an international agreement on silver but will not allow one to be reached.

Ex-Speaker Crisp considers it safer to talk up the Whitney boom than to tackle the silver question; while Senator Hill in his anxiety to discuss invasions of personal liberty has apparently forgot there was such a thing as the silver question.

A dead-lock is expected in the Senatorial convention for the forty-first District, which will meet in Bath Sept. 24th. John S. Shepard of Penn Yan, W. H. Nichols of Bath, and F. D. Sherwood of Hornellsville will each have six delegates who are expected to stand firm for their respective candidates. There is no telling what the result will be.

The Republican Senate convention to select a candidate to represent the counties of Wyoming, Allegany and Livingston was held at Portage last Thursday, and resulted in the unanimous nomination of L. A. Humphrey of Warsaw. He has been chairman of the Wyoming county Republican committee for years. He is a bank president at Warsaw and also president of two salt companies.

A New York Central train last week made the distance between New York and East Buffalo in six hours, 51 minutes and 27 seconds, beating the English record made a few weeks ago. The distance between the above named points is 436 1/2 miles and the average speed was 64 1/2 miles an hour. The English record above referred to was 63 1/2 miles an hour. America is all right, whether in railroading, yachting, or any thing else.

Today the President of the United States pressed the button in Massachusetts and set in motion the machinery at the Atlanta Exposition. While for a few days it will be natural that much finishing up of delayed work must be done, the authorities claim that the work in detail will be promptly completed, and it is expected that as the result of this exhibition the New South will show a new lustre, and the new order of things in Dixie will redound to her credit. Many things at Atlanta will be a revelation and a surprise and nobody will more heartily hope for a successful termination of the enterprise than the people of the northern states.

Down in St. Barnabas hospital, Newark, the doctors have built an entirely new scalp for a young woman who lost hers a year ago in a revolving shaft accident. There are possibilities yet for bald heads and people who are not satisfied with the color of the hair that nature has given them.

The incubator system for hatching chickens is doomed. Not long since eggs were packed in cotton seed and shipped north from Florida. According to the statements made by those receiving the consignment dozens of chickens were hatched from them and the peeping of the chickens was heard in time to save them; and the hatching was due to the generation of heat by the cotton seed which was used for packing. Next.

The greatest gathering of Union veterans since the war, south of Mason and Dixon's line, was that of the National Encampment of the Grand Army of the Republic at Louisville last week. The old soldiers who wore the blue enjoyed a warm and hearty Southern welcome—very different from the one they received during the stormy years of '61-'65. It is believed that the holding of the great reunion so far south will have an excellent effect in cementing the fraternal feeling that now exists between the once-divided sections of the country. The old ex-Confederates now welcome the veterans of the Union as brothers; and the sentiment of fraternity is most cordially reciprocated by the men of the North.

NEVERMORE.

The international Yacht races were won by Defender in three straight heats. The first was a race to a finish; the second was won by Defender on a foul; the third race was a fizzle. Those who expected to see the races won strictly on the merits of two boats were disappointed. Nevertheless, it is plainly apparent that Valkyrie is no match for Defender.

It is doubtful if English sportsmen will again challenge America's right to hold the cup.

Quoth Dunraven, "Nevermore."

Brook Trout only 15 cents a can at Williams'.

Cheese statements printed on short notice at the News office.

Try our canned goods; none better. J. L. Williams.

At the Republican Judicial Convention for the Eighth Judicial District, held last week in Buffalo, Frank C. Laughlin and Edward W. Hatch, both of Erie county, and Alfred Spring of Franklinville, were nominated as candidates for Supreme Court Judge. Messrs. Laughlin and Hatch were nominated by acclamation, and it took 69 ballots to decide the contest between Judge Spring and John Woodward of Jamestown.

Earley of Andover in said County of Allegany, on or before the 20th day of January, 1896. Dated July 10, 1895. E. J. ATWOOD, Executor.

Gold * Aluminum * Test.

New York, Dec. 27th, 1894.

At 12 o'clock this day, Capt. Long, of Quartermaster's Department, United States Army, witnessed a test made at Dr. Carl Barnes' laboratory, where the following tests were made with a teaspoon made of Gold Aluminum, all of which were satisfactory:

1. The boiling of water in the teaspoon and, after the boiling, the heating of the spoon to a red heat, after which the spoon cleaned up bright.
2. The boiling of vinegar in the spoon.
3. The cooking of salt pork in the spoon.
4. The boiling of coffee in the spoon.
5. The frying of eggs in the spoon.
6. The frying of bacon in the spoon.

After all these, the table spoon easily polished up and was as clean and handsome as ever—all for the Quartermaster's Department of the United States Army.

As a result of the above tests, the Quartermaster's Department ordered a quantity of the tableware for use in the several departments of the army. It is not only durable, but makes an elegant appearance on the table. This tableware is given away at Ross' Cash Store. For full information call at the store and procure a card.

Ross' Cash Store.

PHILLIPS & OWEN.

Out yonder in the landscape the forests are already ordering their Autumnal Costumes. Before another new moon every maple tree will be a blushing beauty.

Our Dress Stuffs have caught the glad infection, and Aurora and Foliage are giving place to textiles.

THE ANDOVER NEWS

Office up stairs in new Brick Block, Main Street.

At a meeting of the Allegany County Teachers' Association, held at Bolivar, April 18th, the following rules were unanimously adopted to take effect the week beginning May 9, 1895.
Rule 1.—That not less than 5 cents per copy be charged for resolutions of respect, and for notices of entertainments from which revenue is derived.
Rule 2.—Cards of thanks to be charged for.
Rule 3.—Obituary notices, except such published as a matter of news, and lists of obituary presents to be charged for at a not less than 5 cents per line.

A. C. Frisbey and Crayton L. Earley were in Hornellsville Saturday.

Miss Mary Smith is teaching her term of school at Dist. No. 7, Elm Daley.

Mr. and Mrs. W. B. Bundy visited friends in Dansville during the week.

Don't fail to read the new serial which is begun in this issue. It is a good one.

D. M. Davis of Bennetts, Pa., and David Davis of this place, has been in town for a few days past.

It is claimed that A. M. Burrows is away buying his fall goods. If that is so you may hear from him through News columns before long.

J. A. O'Leary will build a new house on his lot on Erie street, at South side of the block, and will occupy it.
