The Woman's Christian Temperance Union of Andover meets the first and third Thursday in each month.

It remains forever true that not until the duty of Christian citizenship becomes part and parcel of the daily religion of the household, shall we have reached the level of the simple demand made by the Gospel, and the household includes women!

The new impulse in our politics is sharpening the perception of the people concerning the sacredness of law. If any man in a prohibition State points out that "prohibition does not prohibit," he ought as an American-citizen to be ashamed to admit it, for after all what does such a declaration mean? It has been well said that it involves nothing less than the red band of the saloon anarchist at the throat of the government.

"Only the Golden Rule of Christ can bring the golden age of man," Miss Willard announced to be her motto for the coming year.

Root beer received attention at the first district convention, Michigan, in an address by Mrs. Emma R. Greene. It elicited much talk among Detroit dailies which put forth the thought, common among white ribbon women, that it is the preparation and sale of so called innocent drinks that causes the downfall of our country.

What the world waits for is not the new woman alone, but the new man. We need a new man in the editor's sanctum who will not dip up beer along with his ink, a new man in the pulpit who will recognize the right and the sore need of the church to the complete participation of women in all its exercises and its counsels. We need a new man in the laboratory who will not, as the ultimatum of his studies, rule God out of the universe; we need a new

man in the medical profession who will not administer alcoholics nor practice vivisection; we need a new man in the legislature and cabinet who really believe in the Ten Commandments.

Chamberlain's Pain Balm.

Mr. J. M. Amerman, a prominent merchant of Forks, Columbia County, Pa., in speaking of this liniment says: "In reference to Chamberlain's Pain Balm, I can truly say that I have never found anything to compare with it for sprains, bruises, burns and like injuries. We have used it in our family for several years, and feel that we cannot do without it." This liniment will heal a burn or bruise without mattering, and in one-third the time required by any other treatment. In many instances it has cured a severe sprain in three or four days' time, while that many weeks are usually required. For sale at fifty cents a bottle by Lowell A. Burrows.

Dr. G. C. Osgood,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. KIRCHELO,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
