the milk buckets, pans, churns, and other implements of the dairy be perfectly clean and free from taint. A common yellow soap that smells of rosin should never be used for washing these. Such soaps are made of materials that you would not use for any purpose. Besides, they are sticky and the soap will get into the cracks and corners and stay there. Ivory Soap is pure, it is well made, and only sweet, clean materials are used. Then it rinses readily.

IVORY SOAP IS 994/100 PER CENT. PURE.
