Our Clothing Department has grown enormously of late. We have been great stocks of suits and overcoats for Men and Boys until to date

have a clothing store that will compare with the places with clothing is sold exclusively. And when it comes to prices, we bear them every time. You have heard the universal cry of higher prices in everything—and no line of merchandise has been effected more than clothing, both cloth and tailor's wages have advancedbut our fall and winter stocks were bought in June, before the

advance took place. This, taken into consideration with the fact that we buy and sell for spot cash, saving every cent of discount at one end and every possibility of loss at the other, would point to this store as positively THE PLACE to buy your clothing. The values we give are absolutely unmatchable. Let us prove this to you. Whether you wish to purchase or not, your consent to let us show you will be considered a favor by us.
