Practically a Daily at the Price of a Weekly.

The striking and important events of the last year have established the overwhelming value of THE THRICE-A-WEEK WORLD to every reader. For an almost nominal sum t has kept its subscribers informed of the rogress of all our wars and, moreover, has reported them as promptly and fully as if it were a daily. With our interests still extending throughout the world, with our troops operating in the Philippines, and the great Presidential campaign, too, at hand, its value is further increased. The motto of THE THRICK-A-WREK WORLD is improvement. It strives each

year to be better than it was the year before. and public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper, not a daily, published in America. Subscription price, \$1.00.
