at is the Essential Qualification Necessary greatest vineyard I shall ever toil For Success in any Calling. By V. L. Eggleston.

This is an age of work. The might-; iest thought that comes to us in this world from all sides and sources it that of work. The greatest of workers is God. He is not an infinite quies- |. cence, but rather an infinite activity. . Jesus said. "My Father Worketh) Hitherto, and I work." And man. true to his origin and to himself, is a worker, for he is made in the image and likeness of God.

Work is the organic condition t things natural and supernatural. It arrange the time, place and conditions is God's thought and law forever of my birth, nor yet my mental and stamped on body, brain and spirit. moral characteristics; God did all Hence, "redemption by work," is the these for me. He is painstaking and great world thought touching us at particular. He is my God. I am his June 2 every vital point.

mind from the thraldom of ignorance, thing to be a part of a great thing. and the spirit from the habits and powers of sin. The "Micawbers" to the race, those who are everlastingly waiting for semething to turn up, have been the world's biggest nuis-

By our constitution, work furnishes Following are the pathmasters for the missing link between divine in- 1905 appointed by Highway Commisfluence and human prosperity. The sioner E. B. Rollins: divine decree is, "Go coatless and hatless and houseless and knowledgeless and characteriess, or else help your self." That is God's order, and so he has locked up the treasures of this world and the next on a combination, of four letters, w-o-r-k; and no man

can get anything of value without a knowledge of this combination, and without working it. Columbus for years was thinking | and studying out his voyage; and then after surmounting the greatest dift. culties through a series of disappoint ing years, sailed it out. Uranus was not discovered by accident. Herschel, from a most careful study of the planets, observed a slight perturbation among some of them, and knew there must be a cause, and then through

weary months worked out the problem ; of the cause, and lifted his plan to the heavens, and knew there must be a) planet at such a spot, and lifted his telescope to the place, and lo, the new | planet Uranus! Michael Angelo's "[ast Judgment," one of the twelve master paintings of the ages, was the product of eight year's toil of this brainest of painters. Over two thousand studies of it were found among

his papers. You cannot mention a man of power | whose name has come down to us from the past but was a worker. Work is the badge of universal no-

The great "Legion of Honor" embraces the world's toilers. Genius is worthless without work. The curse) of this age is the geniuses—those who, think themselves Lord Byrons, not because they have any of his talent, lis, called AUSTRALIAN-LEAF. It is the only of genius that is worth anything is Gray Co., LeRoy, N. Y.

We are pleased to give the following names four weavers who have made, yesterday, Feb. 20th, over one dollar for their days work, (productions taken 🔉 by tickets on warp:) Charles Arnold, 2 Looms, \$1.80.

Mae Baker, \$1.35. Grace Gee, Maud Parker, We hope sincerely to be able soon to add to this 2

list the names of ALL OUR weavers. We do not want TALK, we want FACTS. We do not want big production and high wages as

records, we want them as a rule. A glrl after several months experience making less
