What It Means!

Itwo services almost double the cost Yorkshire, \$3095.72. to the subscribers? It certainly will, and the only way out of this double expense is for one company to absorb the other, as WAS) THE CASE HERE IN OSSINING, and as is generally the case all over the world, where one or more have existed. Where there are two telephone systems, there will be found utter; confusion. a poor service, and double; the expense for the service.

In electric light and gas companies, trolley companies stores of all kinds, competition is one of the greatest blessings to any community but in ONE THING—THE TELEPHONE COMPETITION IS A CURSE.

We know whereof we speak, because WE HAVE BEEN THRU THE full. I extend my many thanks for MILL. We at one time wrote articles on telephone competitions, just as Brother Briggs does. We thought the Bell monoply had too large a field all to itself, and eagerly helped create a sentiment in favor of the independer ¿ telephone company.

When Brother Briggs goes thru the same experience, he will write as we are writing now and no one need urge! him to do so. He will do it because he will know he is doing right in informing the people generally what competition means in telephone ser-
