COST OF LIVING. Statistics compiled at Washington indicate a decided increase in the cost of living. For a time this increase was in greater proportion I than the advance in wages. While, the figures were being tabulated, however, changes were in progress that have not materially altered the situation. There has been a reduction in the prices of flour and sugar that are notable in the living expenses of any American family.

OVERCOATS \$8 to \$35.

There have been other reductions, less marked, so it is safe to say the cost of living is now 5 or 10 per has led to increases to many work-' men in various parts of the country l and payments for "overtime" have still further added to earnings. I may be taken as a fact that average earnings bear a better relation to

other countries the American wage rate is very high and the living cost is low. Savings bank returns verify this statement MISSIONARIES TO THE JEWS.
