and some resolutions made for the at the educational day meeting of the ounce, and nearly everybody was in terested in pushing forward. Old dif Side Ladie's Improvement club, the ferences were forgotten and failures of Saginaw clubs, members of the board the past were not alluded to, and the of education and a number of se lteachers were invited gifests. Mrs. people of Andover showed the spirit Hardy said that under the scheme and mind to work in their getting to gether. The industries are here, have land, and copied largely by Australia, proven a benefit, and a greater benefit man was receiving just returns for than is realized by some. Our young his own labor in greater progortion More money is in circulation Under the laws the possessions of miland the benefit of a healthy growth is lions is almost impossible. No man making a thriving village. Some will can hold great stretches of land and brought in tanks from well supplied illness of her daughter, Mrs. Arthur Williams, and will run-thru several recall that suggestions were offered at permit it to lay idle for the sake of regions to those suffering. A beef Porter. the time the excitement was at its future advance in value. This condiheight that something should be done tion is produced by the taxation laws to fasten the spirit of unity and pro gress; but the matter fell through. Some of those who were the ruling of vacant property caunot benefit by number of cattle he supplied. A man L. Pettibone.

Other organizations use that method) ot fastening and spreading their in terests. Why not all the business in terests of Andover get together with men of note as speakers, to give us a wider outlook, a new zeal and new in terest. It would be a good place to forget differences, and make a united - spirit for one great object and that a Greater Andover. We cannot afford to rest where we are, the prosperou conditions promise to continue and why not take advantage of them? This is a little neighborly talk and perhaps somebody will see its benefit and start the balr a rolling.

The good old proverb Spring the of the wise man has ju Rod and as much meaning now Spoil the as it ever had, and there are some people old lieve in the efficacy of the "rod" & CIGIRS. rightly applied at the right time and place. A case in point is something \ Tike the following: Katie Busch, a) fificen year old gerl, had a young man, also a mother that weighed about 300 pounds. Katie and her young man met in the hallway after dark, and were having a blissful time when mother appeared and shouted, "Leave 3 my daughter alone and get out of here." Jack disappeared. Katie, broken hearted, swallowed a bottle of toothache drops, fell to the floor and told her mother she had taken poison. The mother sent for the police, the police for the ambulance, and in the hospital Katie owned up her intent to decieves but was taken to the police -court on the charge of attempted suicide. When the court heard the story both sides, he said, "Take your

daughter home and give her a sound zazzapanking. There must be no make believe about it, it must be done by a forceful laying on of hands, or if preferable a hair brush or your slipper will do. Report to me that you have carried out the order of the court. . Katie's 300 pound mother came home with her daughter and gave her "an - official spanking." That she carried court's orders is evidenced i the fact that Katie has found it pain to sit down and has since preferred hattanding. There may not be many who will receive court orders as the teshioned folks believe that if there
