#### Saloon Dominant.

' According to the latest census, 1. there were 39,059,242 male persons in the United States. Of this number over 20,000,000, it is estimated, are voters. According to late church sta-la tistics, 6.000,000 or more of the 20,-10 1 000,000 are enrolled church members, ]. At the last presidential election the x presidential candidates received 14,-1 959,653 votes. The 6,000,000 enrolled Christian voters hold the balance of I power, and the saloon is dominant.-

The writer of the above evidently forgets the fact that much the larger 1. number of church members are women while the men control the ballout. 1 It is a good argument for equal suf-la
