医骨髓 糖产品 人名 The Buying Power of 2,000 Cigar Stores

HERE is no mystery or secret in the National Cigar Stands' methods. We can sell 1 cigars for less than has ever before been possible because two thousand of us—all druggists with an established cigar trade—concentrate our buying in one co-operative concern. See the power of such a mighty union of individual forces! We can practically dictate our own terms to manufacturers. We can—and do—control our own brands and factories. Instead of buying separately in small lots from jobbers, we become practically our own producers.

The cigars we sell come to us at the lowest cost ever known in cigar retailing. And thev are sold at the lowest prices ever known for the same quality. For instance:

is really a better eight (better leaf and more of it) than you have been accustomed to get at 8 for 25c. "Black and White" is one of 30 exclusive brands, made by and for the National Cigar Stands. Here are some others—all showing the same superiority in quality for price—
