each house have a closet with run-

built by the United States "as an answer" to the terrible Dreadnought of the British navy have recently been examined by the board before submi ting a choice to congress. Two of the are so mounted as to give the broad sides greater power than is possessed by the Dreadnought.

In the plans submitted there appears to be a desire to get extra force in one direction even at the cost of force in another. For instance, the fire ahead broadside fire. Probably this weakness may be remedied before the construction begins. The cost of building such is said that three Idahos or Mississippis could be put affoat for the money is which a torpedo may send to the bot- debta. tom in an instant. But the idea seems to be that the United States should thing that any nation has affort.

Perhaps Stensland and other convicted bank wreckers who, like him. tence will stay behind the bars just as be a success. long as the culprit sentenced for ten or twenty years. Long sentences sometimes react and create sympathy for the convict. Still, there is a terror in a long sentence which gives the state power to punish a man to the limit of his deserts when policy demands

Officers and men of the United States army will hereafter wear identification metal tags. Doesn't sound dignified, but it is, all the same; very sensible. People who go away from home alone, especially tourists by rail. and visitors to large cities, ought to have some simple form of personal

of the spectators.

By H. H. ROGERS.

YOUR COUNTRY. We are entering upon an era development and prosperity unparalleled in the history or the world. The young man who realizes this fact is the pastry. young man who will succoed.

This country is all right. There are a lot of fellows, sorehead and incompetents, standing around the street corners TRYING TO FIGHT NATURE. But they can't keep this country back.

The resources of this great land have only been scratched. The and the wise acres some of them are next fifty years will see wonders in the way of developments that even we do not dream of.

That's why I say to young men, DON'T BE PESSIMISTIC. been tollowed directly to its cause Get into the fight and do a man's part. There never were so many opportunities as there are today.

You hear a heap of fool talk about there being no chances for young men today. The "trusts" have invaded and pre-empted every the old wells that evidently have be field of endeavor is the cry on every hand. NOTHING IS FUR-THER FROM THE TRUTH.

The trusts, so called, have barely TOUCHED the resources that lie waiting for some one to develop. Better chances forty years ago? Nonsense. Believe in yourself. Have something definite to do, and They had worked under contract and do it. That's all there is to success in life.

Too many young men want success before they have earned it. contagion than the old wells. There They become discouraged before they have half tried. That's why the ants and servitors of the family. They shores of life are STREWN WITH WRECKAGE.

It is my belief that business in this country will always be concircles of American life and yet more ducted along co-operative lines. The old days of dog eat dog are over. But why should that cause uneasiness? Just look at this vast country. Is usually recognized. water. The student of conditions Think of the millions upon millions of acres that lie arid and waste in can at once see the logic of the case. the west. The mining resources of this country are at present the Our soil is gravel on a bed rock. The RICHEST IN THE WORLD, but men who know tell us that the world by honorable methods she must future will develop mineral wealth that will make the present look small and pitiful. Don't let the "trust" bugaboo scare you.

I believe that a man should have decided his vocation in life and the good fortune that has come to the settled down to it in dead earnest by the time he is thirty years of age. house." She might have made the The great trouble with our boys is that THEY DON'T LIKE world ring for a day with the naming) well water is in danger of being filled WORK. They like to sit on a high stool, wear a high collar and ogle

> And by that I mean go to work WITH YOUR HANDS. No man ever learned a business in the office.

What does the president of a railroad do with his son? Does he get him a job in the office? Not much. The boy goes into the shop The time is coming when it may be and learns how to do things worth while. Then, after he has shown necessary to have village laws enact? that his hands will support his head—that is, to feed him—he is given a chance to show that his HEAD can support his hands.

AND ANOTHER THING. GET MARRIED! LIKE A GOOD WIFE TO MAKE A MAN HUSTLE. JUST LOOK AROUND YOU AND YOU'LL FIND THAT NINE OUT OF TEN SUC-CESSFUL MEN OF AFFAIRS HAVE BEEN MARRIED EARLY IN

Plans for a monster battleship to be Politics Is Inseparable From Public Ownership Undivided profits, less expenses and

By TIMOTHY M. HEALY, Member of the British Parliament

IIILE I am far from posing as an authority on the subject, plans call for a ship of greater tonnage | my observation leads me to believe that municipal ownerthan the British rival, and the guns ship in Chicago will not be a success. It is true that it has been successful in Glasgow, but it BY NO MEANS ment is true to the best of my knowledge and belief. F. W. Burrows, Cashier. FOLLOWS that it will be equally successful in Chicago. Politics enters so largely into municipal affairs in Chicago that it seems to me it would WRECK any such proposition.

Glasgow and Liverpool present some phases of success in the muand astern is perceptibly weakened in nicipal operation of tramways, but they are ISOLATED IN-STANCES. I am certain the system which is in vogue in these cities would be utterly IMPRACTICABLE in a city like Chicago.

Government ownership, it seems to me, is utterly foolish, although | Andover State Bank. a ship is of course enormous, and it I have not made a close study of the matter. A burdensome GOV- at the close of business on the 14th day of ERNMENT debt, it would seem to me, would quickly become much
