Bank Drafts Safe as Post Office Money Orders

A Bank Draft is far more convenient than a post office order. You do not have to write out an application for a Bank Draft. The bank draft is the best way to send money to other towns. A post office order is payable at an office designated on the order. A draft can be cashed at any place and is transferable any number of times by endorsement.

In case of an error or dispute, you can refer to a bank draft which the bank keeps on file.

Bank drafts cost less than post office orders.

Money to Loan on Approved Collateral.
 Interest Paid on Special Certificates of Deposit.

NEW I. O. O. F. TEMPLE

Bolivar Odd Fellows Complete \$15,000 Building.

The new temple recently built by Bolivar Odd Fellows was formally opened with a dance the evening of Jan. 24th.

The new temple is one of the finest buildings of its kind in Western New York. It is 48x90, two stories high, with a flat gravel roof. The building material is cement blocks, manufactured at a plant in Bolivar. The first floor is divided by a cement wall, thru which is an eight foot archway. This floor will be occupied by H. E. Goodrich for a store. The second floor is divided into a large lodge room, a card and smoking room, a lavatory and other rooms for the exclusive use of Bolivar Lodge, No. 515, I. O. O. F. The floors are maple, which with the plastered walls and steel ceilings, painted in harmonizing colors, make the interior of the building look fine. The structure will be heated and lighted with natural gas. The temple cost about \$15,000.

Italians Won't Work Tunnels.

The apparent slowness with which the work on the Erie Railroad between Cuba and Hunts has progressed is in a measure due to the refusal of the Italian laborers to work in the tunnels one of which is to be 1,000 feet and the other 925 feet in length, and it has been necessary for the contractors to secure several hundred negroes to do this work.

Assassination Threatened.

Local clergymen, as well as other clergymen throughout the state, have received marked copies of the Wine and Spirit Gazette, containing articles against the Anti-Saloon League. An anonymous letter has also been received emanating from the liquor interests. It would seem as if the Anti-Saloon League and the liquor element in the state were grappling in a death struggle. Last Friday Dr. Howard H. Russell of the Anti-Saloon League received from one of the liquor strongholds an anonymous communication warning him against assassination.—Exchange.
