## Bank Drafts as Safe as Post Office Money Orders

A Bank Draft is far more convenient than a post office order. You do not have to write out an application for a Bank Draft. The bank draft is the best way to send money to other towns. A post office order is payable at an office designated on the order. A draft can be cashed at any place and is transferable any number of times by endorsement.

In case of an error or dispute, you can refer to a bank draft which the bank keeps on file.

Bank drafts cost less than post office orders.

Money to Loan on Approved Collateral.  
Interest Paid on Special Certificates of Deposit.
