Muslin Underwear

Begins Monday Morning March

Our Muslin Underwear Sales have become trade events of no small

Importance. The wide range of styles shown, the high quality

of materials used and the excellent workmanship em-

ployed in the garments appeals to every woman.

While materials have greatly advanced the

prices for this sale are as low—in some instances—

lower than ever. A skirt, for instance, with four rows of wide

face insertion, three tucks and wide lace edge for 98C, worth \$1.50.

Another regular length skirt, with six graduated tucks and hemstitched,

for 50C, which is less than materials alone would cost.
