## How to Curb. the Monopolies.

By President J. G. SCHURMAN of Cornell University. SUPPOSE there is little doubt that in SOME FEW industries monopoly actually exists and oppression is actually practiced by making the public pay extortionate prices.

There are remedies in reach which may be used Al ANY TIME. In the first place, trusts which are monopolistic and oppressive may be DEPRIVED OF THE ADVANTAGES which they now enjoy as a result of tariff or other legislation. If any tariff operators who do prevent wrecks, but does actually enable a trust to exploit the people for its own enrichnever get their names in the papers ment, that tariff schedule IS DOOMED, no matter how much talk there may be of the sanctity of the tariff or the solemn duty of stanu-
