We are ready for the Spring trade with the finest

If we have forcasted the Spring fashions correctly men are going to be better dressed this Spring than ever before.

Patterns run from the sober, plain mixtures, and the modest blues to the smart checks and stripe effects in grays, olives and in the new browns.

Coats are cut a trifle shorter--soft wide center vent. -lapels—plain back or Trousers are cut easy fitting and shapely.

Taken all in all, we can say that our patrons are lucky men, indeed, when they can secure such excellent Clothing as that made by "Hart, Schaffner & Marx."
