Do You Need a New Wagon

Our line of wagons this year is very broad and includes about everything from a Platform Wagon to a handsome Top Carriage.

We're taking quite a little pride in the Wagon end of our business, because we're in a position to give you better value—give you a better wagon for the same money, than you can get anywhere else.

Don't take our word for it,—come in and see for

We're always glad to talk it over with you. For instance we have some splendid values in Top Carriages,-handsome and well-made in every detail. Prices run from \$48 to \$65 - but you'd pay full a third more if you bought anywhere else.

We have a fine Road Wagon we'd like you to see. It will stand a lot of hard use; springs are heavy enough to carry a good load, yet very easy riding; and our price is only \$35.

On Surreys and Platform Wagons we're making some especially bargain prices.

But come in and talk it over!
