Masters and Counsel of Each Side to Visit Her at Picasant View. Concord, N. H., Aug. 14.—The case of the "Next Triends" was represented of the "Next friends" was represented by W. E. Chandler at the hearing be Baker G. Eddy. Judge Aldrich, for the masters, opposed the taking of depositions in the case.

In his address Mr. Chandler said

that the incompetency of Mrs. Eddy

was established by the trust deed which she executed on March 6 by which she transferred all her property beyond her control. Her in a competency, he added, is further shown by her evasion of taxes in the city of Concord, an act which she would never have committed or allowed her agents to commit had she been in her right mind. He stated in closing that Mrs. Eddy was the victim, not of a solitary deotion, but a series of systematical d lusions, which influenced her whole

life, and has resulted, or will result a senile dementia. Judge Aldrich asked what opportun ity the masters were to have to ex amine Mrs. Eddy herself. Frank S had not sufficient strength to come into court and undergo an examina tion, but she would be glad to receive the masters at Pleasant View. Judge Aldrich said that in view of Mrs. Ed dy's advanced age he thought
