## able Clothing. Every garment, however, is the Guaranteed Kind

Sometimes a Suit or Coat looks well when new. It may have all the points that are necessary to give it a stylish appearance. It may look well on paper, but not all such garments give satisfaction when worn. They fail to hold their shape. After being worn two or three times they have a "shabby" appearance. That's because they are made to sell and not to SATISFY. We do not sell that kind of clothes. Every garment we sell you is guaranteed to be made just as well INSIDE as OUTSIDE. If you are looking for a suit at a reasonable price that you'll not be ashamed of after you've worn it a few times, let us show you the new fall styles of HERMANWILE and ELK BRAND SUITS AND OVERCOATS. They are medium priced Clothes, Suits and Overcoats, from \$10 to \$20. We have cheaper ones, but we believe these two brands of Clothing to be

#### The Best Medium Priced Clothing in the United States

We have an unusally attractive line of styles and can satisfy the most particular man. In fact that's the kind of man we want to inspect our showing of Fall Styles in Suits and Overcoats. Another point worth mentioning. When you buy a Hermanwile or an Elk Brand Suit or Coat you are not paying for a lat of expensive advertising. You get the VALUE IN THE CLOTHES. That's the reason we are able to give you an absolute GUARANTEE OF SATISFACTION with every garment. Come in and look them over. See the way they are made inside as well as out. Compare the style fit and price with other makes. We have never before shown such a variety of stylish readyto-wear garments. Spend a little time looking them over. It will pay.
