Rubber Boots

We are Andover agents for the Supreme Quality Buffalo Brand Rubber Boots. These boots are made from absolutely PURE PARA RUBBER, the very finesi rubber obtainable. They do not contain an ounce of shoddy. They are made over aluminum lasts, and do not wrinkle and crack as do boots made over wooden lasts. Duck in the leg of a boot is liable to chew out and break where the wrinkles form. The best of heavy army duck is used in the foot of Buffalo Brand Boots, protecting them from snags, and pure para rubber in the legs, which protects them from breaking. We believe there is not a better rubber boot made. In fact we have never seen so good a one. If you are looking for a boot that will give WEAR, SERVICE and SATISFACTION try a pair of these. We also sell Woonsockets, Bostons, Goodyear Glove and Ball Band Rubbers of all kinds.
