Thanksgiving

It may not the known to all of our readers that the author of that oft re. peated bit of verse, "Mary's Little Lamb," was also the originator of our American Thanksgiving Day as an nually observed.

Sarah Josepha Hale was born at] Newport, N. H., in 1788, and in 1822 ground. Experimenters have been as by the death of her husband was of making one rail surface where twe Young Woman's Club meets on left with five small children depend At the close of the ninth year this] publication and Godey's Lady Book. With the two rall system it is estimat giving Day. published at Philadelphia, consolid ed that only 12 per cent of the power ated, Mrs. Hale continuing editor of generated is actually applied to prothis at that time popular magazine, a pelling a train. The rest is consumed In "taking up" the friction caused by position which she held continuously) for forty years retiring in 1877, at the den. age of eighty nine years, and only! Single rail trains have been run and two years prior to her death which have met with the approval of trans-

It is claimed that Mrs. Hale was the first woman in the United States , to earn a livelihood by her pen. In plies the principle of the revolving top her editorials she staunchly advocated to maintain balance. This principle the advancement of women urging their employment as teachers, and also for the purpose of illustrating the mostarted the movement for the training tion of the earth on its axis. When a at 7:30. of women for medical missionary work top is spinning fast it stands erect or in foreign lands. It was her thought nearly so, but wabbles when it slows The Christian Endeavor society expressed thru the columns of her down. Brennan's plan to keep balance have just sent a barrel of clothing to paper that the women of New England) should raise the sum of \$50,000 needed duced to a minimum, and the power relitables to the Rochester Rescue Mis-ment which, led by her help and in is very small. of the Royal society in London the in-

spiration, they did. For more than twenty years Mrs] Hale agitated the idea of a Thanks model by piling loads on one side of giving festival to render thanks for the cars. Brennan claims that one day the blessings we as a nation have ever he will send his train across a wide enjoyed. To this end she wrote in } numerable letters to state governors President Lincoln on Oct. 3rd, 1863 this our Presidents had as they deemed. estival to be observed each year or ne same day.
