TUTTLE @ ROCKWELL CO

The year 1907, just drawing to a close, will go down in the business history of this country as a phenomenal year--phenomenal in a great many ways--everybody who wanted to work could get work at good wages, every mill has been crowded to its utmost capacity to turn out goods, our crops have been exceptionally bountiful and have brought splendid prices, our railroads have been unable to handle the business offered to them. Business all over the country has been wondersully good, in fact everybody has been prosperous. Everyone should take pride in this fact and feel that this, "our country," is a great country indeed.

Now, as to the future. We are going to do all we can to continue this prosperity, we are going to make greater efforts to do more business, give better values, and make YOU feel that you should come to TUTTLE & ROCKWELL CO'S. to do your trading.
