AN INDEPENDENT LEGISLATOR.

Assemblyman Phillips was born on a farm in the neighboring town The Honorable Frank Sullivan Smith, in placing Phillips in nomination at the last Republican County Convention said of him that the name of his native town doubtless was largely responsible for his independent action as a legislator. It is true that in his entire legislative career Mr. Phillips has on various 'occasions demonstrated his independence upon matters of legislation. He has the courage of his convictions and never has been afraid to express them regardless of public clamor, without fear or favor when he believed that the public interest required vigorous and courageous action. The people want that kind of a representative. There is no doubt but what the people of the town of Independence are proud of the career of Assemblyman Phillips. Voters in that town, regardless of party, who have always been loyal to him should this year make a special effort to increase his vote.

A SPLENDID TOWN TICKET.

The Republican County ticket is supplemented by an excellent town ticket. Orange Smith has been supervisor for two terms. No person has a word of fault with him. He has been a capable official, always having at heart the interest and well-being of the town. The affairs of the not only in the court, as formerly, but town have never been in better condition; it is free from debt, highways and bridges are in better condition than any time in its history, and yet courts of all towns, villages and third by the Commission to show the value the tax rate is as low as it was a quarter of a century ago. In fact, the town and county tax is now the lightest burden upon our tax payers. The entire town ticket from top to bottom is made up of men of business ability who are fearless and honest, and who command the respect | supervisors expressed the hope that ty court of burglery and larceny and \ of the entire community. It should, and doubtless will, receive, a large as a result of the widened sphere of placed on probation. As a boy the

SUPPORTS THE ADMINISTRATION

Because Mr. Phillips voted against the Hinman-Green bill, some of his enemies have classed him as an opponent of Governor Hughes. How little regard these people have for the real truth. As a matter of fact, Governor Hughes has had no more loyal and vigorous supporter in his fight against race track gambling and in his efforts to bring about _______ proper regulation of public service corporations than Assemblyman Phillips. In the last session of the legislature Mr. Phillips introduced and passed in the Assembly a bill granting unto the Public Service Commission greater power in the regulation of corporations, in accordance with the recommendations of the Governor. The opponents of Mr. Phillips will gain nothing by making such misrepresentations. They cannot de ceive the voters, who will show theirindignation on Tuesday next by giving Mr. Phillips an increased majority.

STOOD FOR THE RURAL COMMUNITIES

Assemblyman Phillips opposed the Hinman-Green Direct Primary Bill. In doing so he recorded his opposition to a bill which would place power in the hands of thirty men in this county to make Republican nominations. Every person who read that bill, if he was honest with himself, will admit that such a measure will give greater opportunity for unscrupulpart in making nominations, instead of surrendering everything to the cities and large centers of population.

STOOD RIGHT ON CANAL PROPOSITION-

The people of Allegany County have always opposed, and justly so, the canal improvement as a needless expenditure of money. Mr. Phillips in the Assembly last year voted against an additional \$7.000.000 refers sdum bill for the extension and improvement of the Cayuga canal. The voters should not forget this fact when they cast their votes on election
