DIX ELECTED **GOVERNOR**

Carries the State by 66,000 Majority.

CLOSE IN STATE SENATE

Democrats Have Gained Several Congressmen.

J. SLOAT FASSETT DEFEATED

Republicans Lose Legislature on Joint Ballot.

New York, Nov. 9.—The Democratic party in the country at large has won its first victory since the election of Grover Cleveland to the presidency in 1892. It has elected governors in New York, New Jersey, Massachusetts, Connecticut and Ohio; it has upset the Republican majority in the house of rep-

resonant and unio; it has upset the Republican majority in the house of representatives, has insured a greatly reduced majority in the United States senate, has defeated Bryanism in Nebraska and Roosevelt's home state the Democratic candidate for governor, John A. Dix, is elected by a plurality of approximately 66,000 atter a bitter fight for the domination of Colonel Roosevelt and the new nationalism were the principal issues. Bass is elected governor in New Hampshire. Cooper, Republican and Fusion candidate for governor, defeats Taylor, Democratic candidate, in Tennessee.

Colonel Roosevelt was defeated in

feats Taylor, Democratic candidate, in Tennessee.
Colonel Roosevelt was defeated in his own election district by 60; in his home county of Nassau by 300 and probably in his own congress district. Martin W. Littleton, Democratic candidate for congress, has a plurality in the colonel's county over Congressman Cocks, who is the spokesman of Colonel Roosevelt, when the colonel was president. Returns at this hour indicate Mr. Littleton's election by just about the plurality he received in Mr. Roosevelt's county.

Mr. Passett's warmest personal and political friend, John W. Dwight, the Republican whip of the house, is re-elected.

mepunican wanp or the nouse, is reelected.

In Nebraska where, as in Indians, election of a United States senator is practically by popular vote, Hitchcook, anti-Bryan Democrat, is elected over United States Senator Burkett (Rep.) by 20,000. Mayor Dahlman of Omaha, who led the Democratic revolt against Bryan in Nebraska, carried the city of Omaha in his campaign for governor by 9,000. But Aldrich, the Republican, is leading in the interior of the state, and the indications are that his pluralities in the countles will more than of

This only solace which the Republication from the New York election is their apparent control of the inter-induct. They have sustain a lightly loss in congressmen as well as in pairs less than the congressmen as well as the pairs less than the congressmen as well as the pairs less than the congressmen as well as the pairs less than the congressmen as well as the pairs less than the congressmen as well as the congressment than the congressment that t The Personal Confessional Real Party

son, Republican canudate for governor, has not more than 45,000 plurality in the upstate counties.

In Kentucky Caleb Powers, thrice convicted for the assassination of Goebel, and not long out of prison, was eletted to congress by 3,000, carrying every county in his district, except his home county of Laurel.

Incomplete returns from Kansas indicate the defeat of Governor Stubbs.

Uncle Joe Cannon, speaker of the house, is elected by the largest majority the district has given him for 10 years. Sereno E. Payne, chalman of the ways and means committee, it elected by a plurality but little short of normal. John Daizell, another of Speaker Cannon's Heutenants is relected in Pennsylvania.

The situation in congress is something of a guess. The present returns indicate the following:

The Republicans lose senators from Indiana, Maine, where the election had whelmingly defeated in that state is Rerbert Parsons, son of John E. Parsons of the sugar trust.

Henry George, son of the theorist and single tax advocate, apparently has a small majority over William S. Bennett.

In New York the surprising feature of the state in the state.

nett.

In New York the surprising feature of the election was that the Republican vote fell off more heavily upstate than it did in greater New York. In Greater New York the Democratic plus Greater New York the Democratic pintrality was considerably exceeded in the year when Bird S. Coler ran against former Governor Odell. The upstate Republicans have seldom, if ever, come down with such a small maximum of the property of the self-order to the self-o upstate teguinicans have seaton, a vever, come down with such a small majority, it being estimated that Stimatready been held; Missouri, Nebraska, Nevada, New Jersey, New York, and Ohlo. This result means the Republicar majority in the United States ganate will be reduced from 25 to 12.

The house of representatives will be Democratic, probably by 29, a Democratic grain of 35. In the new house will be two Socialists from Wisconsin.

The New York legislature will be Democratic on a joint ballot by about five, thus insuring a Democratic successor to the Hon. Chauncey M. Depew. The New York legislature figures subject to correction are: Democrats, 27; Republicans, 24. Assembly: Democratic majority on joint ballot five.

UPHEAVAL IN ONEIDA COUNTY

Davenport and Millington Defeated Is

Davenport and Millington Defeated Is

That Republican Stronghold.

Utica, Nov. — The greatest polffical upheaval in 30 years in Oneida county was witnessed here, the Democratic party being swept into office by an almost unprecedented vote.

Senator Frederick Davenport, seeking re-election on the Republican ticket, was defeated by T. Harvey Ferriss (Dem.) by a majority exceeding 500; also Representative Charles Millington, candidate for re-election to congress in the Oneida-Herkimer district, went down to defeat before Charles A. Talcott (Dem.), who comes out of the fray with fully 1,500 votes to the good. Talcott is the first Democratic congressman elected in the 27th district in more than 20 years. The last to represent Oneida and Herkimer counties in the house was the late Henry W. Bentiev of Boouville, who defeated James S. Sherman and who, after serving one term, was in turn beaten by Sherman. Thereafter Mr. Sherman represented the district continuously until he became vice president.

The big feature of the election in Oneida county. however, outside of the defeat of Senator Davenport and Representative Millington was the tremendous vote piled up for Mr. Dix. According to authentic returns it would appear that Dix overcame the normal Republican majority of 3,000 and will carry the county by a small majority, possibly 300. This was beyond the wildest dreams of the Democrati corganization.

For Ileutenant governor it is expected when the final returns are tabulated they will show Schoeneck and Conway broke about even in Oneida county.

When a prees representative called on Vice President Sherman for an ex-

county.

When a press representative called
on Vice President Sherman for an expression on the result of the election
Mr. Sherman said with emphasis: "I
have absolutely nothing to say."
The upheaval in Oneida county is
sonsidered by Republican leaders as
due entirely to the activity of Colonel
Roceevelt in the campaign.

Altogether, according to present returns, the Democrats have gained senators in these districts: Brooklyn, 2; Erie, 2; Ulster, 1; Dutchess, 1; Niagsra, 1. Democrats have been elected to succeed Senators Kissel and Alton of Brooklyn.

The New York county count of senators is slow, but is probable that 2 of the 3 Republicans have been defeated.

Kinklaid (Rep.), re-elected. Sixth Nebraska district, Moses P. Kinklaid (Rep.), re-elected. Control of the next national house by the Democrats is decisive. Returns up. to date show that the Democrats made a gross gain of 48 members. There was a Republican gain of five members, leaving a net Democratic gain of 43 new seats. This majority, it was considered probable, would be increased by results from Colorado and Oklahoma, among other states. In order to get control of the house it was necessary for the Democratic elect 24 new members. With a net increase of 43 they appear to have gained 99 members in excess of the number necessary to control.

Stimson's Plurality Was 181, Senoe neck's 2,392 and O'Mailey's 3,104.

Albany, Nov. 10.—Corrected returns in Albany county give Stimson for governor a plurality of 3,393. O'Mailey for attorney general led the Republican ticket in the county with a plurality of 3,104. The Republicans claim the election of William P. Rudd as justice of the supreme count in the Third judicial district by a small majority.

It is expected that announcement will shortly be made of the candidacy of Schoharle county for the speaker of the lower house of the legislature. Mr. Frisble has been the minority leader of the Democrats in the assembly during several seessions and has just been returned for another term from Schoharle county.
